

Rowan County Health Department
1811 East Innes Street – Salisbury, NC 28146-6030

Memo

To: Rowan County Board of Commissioners
From: Alyssa Harris, Public Health Director
Meredith Littell, Nursing Director
Date: February 28, 2022
Re: Rowan County Health Department - Updated Clinical Fee Schedule for COVID19 fees

Situation:

The Rowan County Health Department Personal Health Services Fee Schedule is updated annually and on an as-needed basis when fees change from Center for Medicaid and Medicare Services.

Background:

Medicaid provided an increase in the reimbursement the Rowan County Health Department can receive for vaccine administration from \$45 to \$65. This fee covers the cost of the vaccine and administration of the vaccine.

Assessment:

The current fee schedule is now updated to reflect this change in the amount that CMS will reimburse the Rowan County Health Department can receive for this service.

Recommendations:

The Rowan County Health Department respectfully requests Board of Commissioner's approval of the updated fee schedule. The Rowan County Board of Health approved the fee schedule at the meeting on Tuesday, February 8, 2022.
