

SECTION 00 41 13

BID FORM - REVISION 1

To: Rowan County
Purchasing Department, Suite 31,
130 West Innes St.,
Salisbury, North Carolina 28144

Project: Rowan County Courthouse Roof Replacement
REI Project No. 021CLT-223

Date: 3/3/2022

Bidder: Davco Roofing and Sheet Metal, Inc

Address: 4408 Northpointe Industrial Blvd, Charlotte, NC 28216

Phone: 704-817-9788

Email: brunyan@davcoroofing.com

North Carolina License No.: 67146

Classification : S

Limitation : Unlimited

PART 1 - GENERAL

1.1 SUMMARY

- A. The undersigned, as bidder, hereby declares that the only person or persons interested in this bid as principal or principals is or are named herein and that no other person than herein mentioned has any interest in this bid or in the contract to be entered into; that this proposal is made without connection with any other person, company or parties making a bid or proposal; and that it is in all respects fair and in good faith without collusion or fraud. The Bidder further declares that he has examined the site of the work and the contract documents relative thereto dated September 30, 2021 as prepared by REI Engineers, Inc., and has read all special provisions furnished prior to the opening of bids; that he has satisfied himself relative to the work to be performed. The Bidder proposes and agrees if this bid is accepted to contract with the Owner in the form of contract specified, to furnish all necessary materials, equipment, machinery, tools apparatus, means of transportation and labor necessary to complete the construction of the project with a definite understanding that no money will be allowed for extra work except as set forth in the General Conditions and the Contract Documents.

1.2 BASE BID:

Four hundred fifty-one thousand dollars and 00/100	\$451,000.00
(Words)	(Figures)

1.3 MATERIAL PRICE BID BREAKDOWN

- A. Due to extreme volatility in construction material prices, the base bid listed above is based upon all of the materials for the Project, including the materials and prices listed in Section 00 43 27 "Material Price Breakdown Form". In addition to the completed Material Price Breakdown Form, bidder shall submit with your bid documentation of the current material prices listed in the Material Price Breakdown Form as of the time of bidding in the form of current quotes or invoices from the manufacturer or supplier. If there is a price increase or decrease of the materials between the bid date and time of receipt of material invoice, the Contract Sum shall be increased or decreased to reflect the actual material cost if the Contractor complies with the requirements of this section and Section 00 43 27 of the Project Manual.

1.4 ALLOWANCES:

- A. Include in the Base Bid the \$30,000.00 Contingency Allowance specified in Section 01 21 00 "Allowances" of the Project Manual.
- B. Include in the Base Bid the Quantity Allowances specified in Section 01 21 00 "Allowances" of the Project Manual.
1. Replace 50BF of Deteriorated Wood Blocking. Refer to Section 06 10 00 "Rough Carpentry"
 2. Replace 100 SF of Deteriorated Plywood. Refer to Section 06 10 00 "Rough Carpentry"

1.5 UNIT PRICES:

- A. Unit prices quoted and accepted shall apply throughout the life of the contract, except as otherwise specifically noted. Unit prices shall be applied, as appropriate, to compute the total value of changes in the scope of the work all in accordance with the contract documents. Refer to Section 01 22 00 "Unit Prices".
1. Replace Deteriorated Wood Blocking. Refer to Section 06 10 00 "Rough Carpentry"
 - a. Cost: \$ 5.50 per BF
 2. Replace Deteriorated Plywood. Refer to Section 06 10 00 "Rough Carpentry"
 - a. Cost: \$ 5.00 per SF

1.6 MANUFACTURERS:

- A. Base bid shall utilize roofing materials manufactured by Sika Sarnafil. Only one manufacturer shall be listed. Provide Section 00 62 33 "Roof Manufacturer's Acknowledgment" signed by manufacturer listed above and enclose with bid.

1.7 BID HOLDING TIME AND ACCEPTANCE:

- A. The undersigned hereby agrees that this bid may not be revoked or withdrawn after the time set for the opening of bids but shall remain open during the bid holding period as specified in Section 00 21 13 "Instructions to Bidders".

1.8 SCHEDULE OF COMPLETION:

- A. The undersigned understands that time is of the essence and agrees to the Contract Time and liquidated damages as indicated in General Conditions of the Contract for Construction and Supplementary Conditions apply to this Work. The undersigned hereby agrees to commence work on this project within thirty (30) days following receipt of an Executed Agreement between Owner and Contractor. Date of commencement will be established in a Notice to Proceed issued to Contractor. Complete work under the Base Bid and all alternates accepted within ninety (90) calendar days from the date of commencement.
- B. Applicable liquidated damages shall be stated in the Section 00 73 00 "Supplementary Conditions".

1.9 ADDENDUM:

- A. Addendum received and used in computing bid:
1. Addendum No. 1: 2/24/2022
 2. Addendum No. 2: n/a
 3. Addendum No. 3: n/a
 4. Addendum No. 4: n/a

1.10 SUBCONTRACTORS:

- A. If subcontractors are to be utilized, the Bidder shall fill out all blanks on the list below. All subcontractors shall be listed. The Bidder shall identify work by the general, subcontractor or not applicable for each trade; utilize parenthesis () to list trades not provided. Do not list suppliers. All blanks must be filled in. Failure to do so may result in bid being declared non-responsive. If there is more than one subcontractor per trade identified below, list all. If no subcontractors are to be utilized, indicate by signing at the appropriate place at the bottom of the table.

1.11 ENCLOSURES:

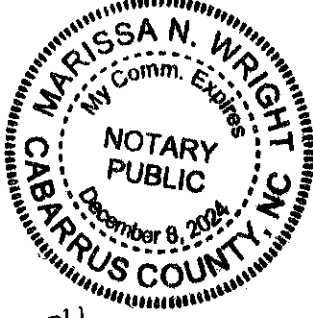

A. Provide the following enclosures with submitted bid:

1. Bid Bond
2. Minority, Woman, and Small Business Enterprises Submittals as required by Section 00 43 39 "Minority Business Enterprise":
 - a. MWSBE Identification Form
 - b. State of North Carolina Affidavit A – Listing of the Good Faith Effort
 - c. or
 - d. State of North Carolina Affidavit B – Intent to Perform Contract with Own Workforce
 - e. ~~MBE Certificate of Voluntary Compliance~~
3. Section 00 62 33 "Roof Manufacturer's Acknowledgment" for Manufacturer listed above.
4. Section 00 43 27 "Material Price Breakdown Form" along with manufacturer/supplier backup invoices or material price quote documentation

By: _____

Robert L. Raney
Robert L. Raney, Senior Vice President

On this the 21st day of April, 2021, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the 30th day of June, 2026

Anna P. Nowik
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this 3rd day of March, 2022

Kevin E. Hughes
Kevin E. Hughes, Assistant Secretary

MBForms 2002-Revised July 2010

State of North Carolina AFFIDAVIT A – Listing of Good Faith Efforts

County of Mecklenburg

Affidavit of Daveo Roofing and Sheet Metal, Inc. (Name of Bidder)

I have made a good faith effort to comply under the following areas checked:

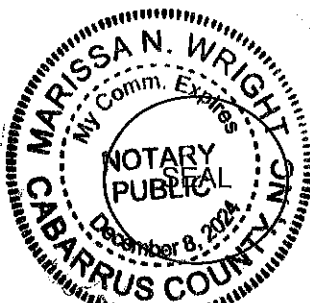

Bidders must earn at least 50 points from the good faith efforts listed for their bid to be considered responsive. (1 NC Administrative Code 30 I.0101)

- ☒ **1 – (10 pts)** Contacted minority businesses that reasonably could have been expected to submit a quote and that were known to the contractor, or available on State or local government maintained lists, at least 10 days before the bid date and notified them of the nature and scope of the work to be performed.
- ☒ **2 --(10 pts)** Made the construction plans, specifications and requirements available for review by prospective minority businesses, or providing these documents to them at least 10 days before the bids are due.
- ☒ **3 – (15 pts)** Broken down or combined elements of work into economically feasible units to facilitate minority participation.
- ☐ **4 – (10 pts)** Worked with minority trade, community, or contractor organizations identified by the Office of Historically Underutilized Businesses and included in the bid documents that provide assistance in recruitment of minority businesses.
- ☒ **5 – (10 pts)** Attended prebid meetings scheduled by the public owner.
- ☐ **6 – (20 pts)** Provided assistance in getting required bonding or insurance or provided alternatives to bonding or insurance for subcontractors.
- ☐ **7 – (15 pts)** Negotiated in good faith with interested minority businesses and did not reject them as unqualified without sound reasons based on their capabilities. Any rejection of a minority business based on lack of qualification should have the reasons documented in writing.
- ☐ **8 – (25 pts)** Provided assistance to an otherwise qualified minority business in need of equipment, loan capital, lines of credit, or joint pay agreements to secure loans, supplies, or letters of credit, including waiving credit that is ordinarily required. Assisted minority businesses in obtaining the same unit pricing with the bidder's suppliers in order to help minority businesses in establishing credit.
- ☐ **9 – (20 pts)** Negotiated joint venture and partnership arrangements with minority businesses in order to increase opportunities for minority business participation on a public construction or repair project when possible.
- ☒ **10 - (20 pts)** Provided quick pay agreements and policies to enable minority contractors and suppliers to meet cash-flow demands.

The undersigned, if apparent low bidder, will enter into a formal agreement with the firms listed in the Identification of Minority Business Participation schedule conditional upon scope of contract to be executed with the Owner. Substitution of contractors must be in accordance with GS143-128.2(d) Failure to abide by this statutory provision will constitute a breach of the contract.

The undersigned hereby certifies that he or she has read the terms of the minority business commitment and is authorized to bind the bidder to the commitment herein set forth.

SECTION 00 62 33

ROOF MANUFACTURER'S ACKNOWLEDGMENT

Owner: Rowan County
Project Name: Rowan County Courthouse Roof Replacement
Project Address: 210 N. Main St., Salisbury, North Carolina 28144
Roofing Contractor: Daves Roofing and Sheet Metal, Inc
Address: 4408 Northpointe Industrial Blvd, Charlotte, NC 28216
Telephone: 704-817-9788

This is to advise the Owner that having thoroughly reviewed the Specifications and Drawings contained within the Project Manual dated September 30, 2021 for the above-titled project, we acknowledge that the roof system(s) and flashing system(s) specified are suitable for the issuance of the specified Manufacturer's warranty on this project and have been tested and approved for the wind uplift pressures outlined in the project specifications. Having reviewed the project requirements in detail, the Manufacturer will provide a written response of exceptions to the Engineer through the contractor within five (5) days of the bid due date or as otherwise outlined in the Instructions to Bidders, if conflicts exist between the Manufacturer's warranty requirements and the above listed documents. Exceptions not submitted accordingly are subject to rejection. The manufacturer also certifies that the installer is approved, authorized, or licensed by the manufacturer to install the specified roof system and is eligible to provide the specified manufacturer's warranty. The manufacturer will comply with the specified requirements for on-site technical support.

Chris Bryden is hereby designated as our Liaison on this project.

Criteria & Exceptions for:

Rowan County Courthouse Roof Replacement
210 N. Main St.
Salisbury, North Carolina 28144

Sika Sarnafil reviewed the construction documents¹ of the referenced project for warranty eligibility. The roof system described below is eligible for a 20-year System warranty when installed as noted. The warranty wind speed limit is 72 mph.

Roof Areas A, D and E

- G410-60 mil EnergySmart membrane adhered Sarnacol 2170 membrane adhesive
- ¼" DensDeck Prime board adhered with board adhesive. See table for ribbon spacing.
- Sarnatherm tapered insulation adhered with board adhesive.
- 1.5" Sarnatherm insulation adhered with board adhesive.
- 1.5" Sarnatherm insulation adhered with board adhesive.
- Vapor Retarder SA 31 self-adhered to deck primed with SB Primer.
- Existing Structural Concrete deck.

Roof Areas B and C

- G410-60 mil EnergySmart membrane adhered Sarnacol 2170 membrane adhesive
- ¼" DensDeck Prime board adhered with board adhesive. See table for ribbon spacing.
- Sarnatherm tapered insulation fastened with insulation plates and fasteners. See table for fastening rate.
- Existing Plywood deck.

Roof Areas F

- G410-60 mil EnergySmart membrane adhered Sarnacol 2170 membrane adhesive
- ¼" DensDeck Prime board adhered with board adhesive. See table for ribbon spacing.
- Sarnatherm tapered insulation adhered with board adhesive.
- 1.5" Sarnatherm insulation fastened with insulation plates and fasteners. See table for fastening rate.
- Metal deck, 22-gage, 33 ksi steel.

Table			
Roof Zone	Fastening Rate (4x8)*	Fastening Rate (4x4)	Ribbon Spacing**
Zone 1	16 per board	8 per board	12" o.c.
Zone 2	24 per board	12 per board	6" o.c.
Zone 3	32 per board	16 per board	4" o.c.

* Use Sarnaplate and Sarnafastener #12.

** Use Sarnacol OM board adhesive. Rigid insulation dimensions shall not exceed 4'x4'.

DISCLAIMER: The information contained in this document, including but not limited to any recommendations regarding the use and application of Sika Corporation ("Sika or Sarnafil") products, is given in good faith based on Sika's current experience and knowledge of its products when properly stored, handled and applied under normal conditions in accordance with Sika's instructions. Any wind uplift pressure information provided by Sika is based on general wind uplift calculations using publicly available tools such as FM Approvals RoofNav Ratings Calculator or the NRCA's Roof Wind Designer. These calculations are based on the limited, unverified, information provided to us and are intended solely to provide guidance to customers as to potential Sika roof system options that could be considered for a given project. The Sika calculations DO NOT meet the requirements of IBC Section 1603 which states that a design professional must determine the various loads (including wind) for the project and note such loads on the construction documents. The information contained in this document is valid only for the applications and uses of Sika products described herein. Any deviation from any of the instructions, uses, applications and recommendations contained in this document regarding the Sika products will void any Sika warranty. The user of the Sika products is solely responsible for determining the suitability of each product for the intended application and purpose. Prior to each use of any Sika product, the user must always read and follow the warnings and instructions on the product's most current Product Data Sheet, product label and Safety Data Sheet which are available online at usa.sika.com/sarnafil or by calling Sika's Technical Service Department at 800-451-2504. All sales of Sika products are subject to its current terms and conditions of sale available at usa.sika.com/sarnafil.

Metal Edge & Membrane Flashing

- Metal edge system shall be designed and tested in accordance with the ANSI/SPRI standards.
- Install flashings in accordance with Sarnafil typical details or system specific details.
- Peel stop around the perimeter of each roof area.

Integrity Testing

- Fastener testing is required for areas B and C. Have the #12 fastener(s) tested by OMG and submit the results to the Regional Technical office for review.

Exceptions

075400/1.6 - Products and materials supplied may be private labeled.

075400/1.9 - Sealant is a maintenance item. Maintenance is not covered by the warranty.

Clarifications

10/XR503 - Terminate 2nd row of wall flashing at top of angle change. Install separate flashing membrane over blocking and secure to wall substrate.

SECTION 00 43 27

MATERIAL PRICE BREAKDOWN FORM

PART 1 - GENERAL

1.1 SUMMARY

A. Section includes:

1. Due to extreme volatility in construction material prices, the base bid shall include all materials for the Project and be based upon the material prices listed in the following pages that reflect current pricing on the date the bid is submitted.
2. In addition to this Material Cost Breakdown Form, Contractor shall submit with its bid, documentation of the material prices listed below in the form of current quotes or invoices from the manufacturer or supplier.
 - a. Blank material line items are included to allow the Contractor to list additional materials not provided in the breakdown that may be necessary for project completion.
 - b. Each line item must be completed if the Contractor would like to be able to seek an increase in the Contract Sum due to a change in the cost of the materials after bids are submitted.
 - c. Materials not included in the form shall not be subject to an increase in the Contract Sum.
3. Material price adjustments will be considered for each individual material, comparing actual material cost invoices with backup documentation/quotes submitted with this bid. The Contractor is responsible for complying with requirements of the Contract Documents and conforming and correlating quantities and unit prices with the requirements of the work. The materials listed in the table below do not waive the Contractor's requirement of compliance with the Contract Documents or providing and installing materials, as required, to provide a complete, warrantable, watertight roofing system.
4. By submitting this form with their bid, Contractor certifies they have reviewed the material prices and confirm that they are accurate current costs from the manufacturer/supplier and that they comply with the requirements of the general conditions and other applicable sections of the Contract Documents.
5. This form is for REI Engineers Contract Administration purposes only and will not be published or included in the public bid tabulation.

This is the estimated freight charge per flatbed truck between the FOB and Project State. Additional charges for detention (past 2 hours), HAZMAT, stopovers, fuel, security, or delivery location may apply. The transit days are the estimated days of travel on the road, excluding adverse weather conditions or driver-specific limitations on Hours of Service.

Additional Information: Freight for membrane and accessories is \$3,500.00 per truck and \$350 per truck of ISO and DensDeck.

Wood Fiber Tapered Edge Strip (0" - 1.5") x 18" - \$1.90/LF

3" Hercules Plus RetroDrain - \$315.00/each

4" Hercules Plus RetroDrain - \$325.00/each

5" Hercules Plus RetroDrain - \$365.00/each

6" Hercules Plus RetroDrain - \$375.00/each

*****PLEASE NOTE MATERIALS WILL BE BILLED BASED ON THE COST WHEN MATERIALS SHIP, WHICH MAY BE DIFFERENT FROM THE QUOTED PRICE.*****

Applicator Comments:

Prices quoted assume the Anticipated Start date shown on the first page of this quote document. If the project is delayed, for any reason, or if Sika's raw material costs escalate, Sika reserves the right, at its sole discretion, to increase the quoted prices prior to the quote expiration date shown on the first page of this quote document. The Applicator is responsible to determine and carry the total freight cost (inclusive of the number of trucks) required for this project and for any additional LTL, priority or special freight costs that may apply. Certain items are not stocked in any Sika warehouse (they are drop-shipped) and the Applicator shall carry those freight charges accordingly. Custom-made membranes are shipped only from the Canton, MA, Kansas City, MO, Salt Lake City, UT or Chino, CA warehouses. Place your entire order upfront, with release dates for larger projects. There is a 3-4 week lead time between receipt of written PO and production of custom-made membranes. Shipping time is in addition to such lead time. Sika does not guarantee delivery times for any orders. There is a minimum order size for custom-made products. Sika recommends ordering extra product to ensure sufficient supply. Extra rolls of custom-made membrane subsequently ordered will have a default list price associated with them. See our Price List, Specification Manual and Invoices for further information regarding our Delivery Policy and Return Goods Policy. Please submit your Notice of Award ("NOA") before or with your order for technical review by the Sika Roofing Technical Department. Such technical review is required for warranty-issuance purposes only. Should this project be tax-exempt, you must submit the tax-exempt certificate(s) together with your NOA and initial order. Please identify your complete Sika Quote ID number (top of page 1) at the time of your order. All sales of Sika products are subject to Sika's Terms and Conditions of sale. When you receive your invoice for this project we will be splitting the warranty fee amount into two line items. One line for the warranty fee and the other for an administrative fee. The total of both items will remain the same as what you were quoted for the warranty fee. Thank you.

Due to raw material and product shortages currently being experienced in the marketplace, any obligation of Sika regarding the supply of products, shall be modified or excused as the case may be, for reasons of raw material and product shortages, whether in its own business, or if for any other cause beyond Sika's control, the goods cannot be delivered or their delivery becomes delayed in whole or in part. In such instances, time for delivery shall be extended for the period of delay caused, with the proviso, however, that either party may cancel in writing the undelivered portion of any order if the delay exceeds four (4) weeks from the estimated delivery date. In no event shall Sika become liable in the aforesaid instance to any Buyer or any third party for consequential damages, liquidated damages or business loss.
