Errors and Omissions

The Contractor shall not take advantage of any errors or omissions in this RFP, and shall promptly notify the County of any omissions or errors found in this document.

Non-Appropriation Clause

Contractor acknowledges that Rowan County is a governmental entity, and the contract validity is based upon the availability of public funding under the authority of its statutory mandate. In the event that public funds are unavailable and not appropriated from the performance of Rowan County's obligations under this contract, then this contract shall automatically expire without penalty to Rowan County thirty (30) days after written notice to Contractor of the unavailability and non-appropriation of public funds. It is expressly agreed that Rowan County shall not activate this non-appropriation for its convenience or to circumvent the requirements of this contract, but only as an emergency fiscal measure during a substantial financial crisis, which affects generally its governmental operations.

In the event of a change in Rowan County's statutory authority, mandate and mandated functions, by state and federal legislative or regulatory action, which adversely affects Rowan County's authority to continue its obligations under this contract, then this contract shall automatically terminate without penalty to Rowan County upon written notice to Contractor of such limitation or change in Rowan County's legal authority.

Evaluation Criteria

The County reserves the right to accept any response or to reject any or all responses, and to waive defects and irregularities in any response. Price will be a major consideration in the County’s evaluation criteria, but it will not be the only determining factor in our evaluation. The proposals will be evaluated on a “best overall value” basis including, but not limited to, pricing, experience, references, quality, performance and the Contractor’s ability to adhere to all conditions and requirements of the specifications outlined in this RFP. The Contractor’s ability to provide a team of skilled, trained employees, maintenance costs, warranty provisions, and the Contractor’s experience with similar projects will also be considered in the County’s evaluation of the proposals submitted.

If the County shall determine that it is in the County’s best interest, the County shall notify the Contractor to terminate the work within thirty (30) days. In such event, the Contractor shall be entitled to compensation for all work properly executed and any expenses incurred in terminating the contract and vacating the County work site.

No claim shall be made by the Contractor for any loss of anticipated profits because of any alteration, change or termination, or by reason of any variation between the approximate quantities and the quantity of work as done.

There are 2 MSW Roll off containers onsite (we have 1 of these serviced weekly during the busy season (April-Sept) and as needed during the off-season (approx. 4-6 service requests in total off-season)).
West End Plaza-1 compactor for recycle "As Requested", 2 compactors one is service 1/week and the other 2x/week? Is there any 8Yrd serviced? (How many times were the As Requested containers hauled in 2022?)
West End Plaza requires leased equipment consisting of two (2) 8-yard front load and 2 compactor set ups for cardboard. The frequency of service for the 8-yard in the front of the facility is 1/week. The 8-yard located at the back of the building is 2/week. Cardboard compactors are serviced "as requested" (Approximately 20 combined service requests annually).

Recycle Processing Center- 1 Roll off Container “As Requested” (How many times was the “As Requested” container hauled in 2022?)
MSW 40 yard serviced approximately 50 times.

- Q5. Why is there a difference between Attachment B versus C? Should there be a price sheet for Attachment B?
- A5. Attachment B has been amended and gives an approximation of distance to both landfill and Recycling Processing center from drop off locations. (See rowancountync.gov for amended attachment ‘B’). All pricing for Attachment B locations are listed in Attachment C.
- Q6. What are the approximate miles to the Recycling Processing Center?
- A6. See updated Attachment B.
- Q7. Is there a pricing sheet for the service levels in Attachment A?
- A7. Please see revised Attachment A that includes a column to provide the cost per pickup per location of 1 container. This price will be used to determine total cost of this service based on number of units and frequency of pickups. This price will also be used to reduce or increase needed to services per location.
- Q8. Price sheet for rental/lease rates for compactors?
- A8. Rowan County currently leases two (2) 8-yard MSW front load containers and 2 recycling compactor set-ups (cardboard) at West End Plaza. Rowan County will require pricing for the West End Plaza units and for any additional units as needed throughout the county. Typically, Rowan County owns and maintains most containers and equipment.
- Q9. Have there been any liquidated damages with the current vendor?
- A9. No
- Q10. Does the County own the compactors?
- Q10. Rowan County owns all containers and equipment except for: two (2) 8-yard front load containers and 2 stationary compactor set ups for cardboard at the West End Plaza location. (This equipment will need to be furnished by the successful vendor).
- Q11. How are the “on call” services scheduled with current vendor?
- A11. “On call” requests will made via email to successful vendor. Drop off centers in particular require swift turn-around of service to ensure that the county centers have sufficient capacity for waste and recyclables generated at these locations.
- Q12. What are the operating hours of the Convenience sites and Landfill?
- Q12. Please refer to ‘Rowan County Recycles How-To Guide’ (page 2) for all facility operating hours. “How to” guide can be found on updated RFP at: www.rowancountync.gov) and as Attachment C to this addendum.

Operations

We exercise the utmost responsibility in our operations. This includes our fleet, our buildings, our landfill technology and the day-to-day activities we conduct in our communities. We are working hard to understand and measure our impact on air, land and water to minimize or eliminate any negative consequences, where possible.

Materials Management

We recognize the responsibility and opportunity we have in managing the nation's waste stream to provide a source of recovered and renewable materials and energy to the economy. We are innovative and constantly exploring new options to capture value and energy from materials in the waste stream, while ensuring environmental responsibility and sustainability.

Customer First

In 2016, Republic Services made a major commitment to further differentiate from our competitors by investing in the enhancement of the quality and reliability of our customer service capabilities. To accomplish this, we consolidated hundreds of small call centers across the country into three state-of-the-art, fully integrated Customer Resource Centers (CRC) located in Phoenix AZ, Indianapolis IN, and Charlotte NC. These facilities were selected for their location to ensure we can deliver call support for 15 hours per day (7:00am Eastern to 7:00pm Pacific) on weekdays, and 5 hours on Saturday. These facility locations were also selected in markets known for a high population of call center agents, which means they are staffed with a highly trained and carefully selected staff who have each passed a rigorous 5 week training course. Additionally, every agent is equipped with industry-leading technology to ensure a superior customer experience when they call with questions or to request additional service. Our new CRCs are already delivering superior

service for our customers today, and we invite you to visit and see first-hand how these facilities lead the industry in quality of customer service to your community.
