To: Rowan County Board of Commissioners  
CC: Aaron Church, County Manager  
From: Alyssa Harris, Health Director  
Rowan County Board of Health  
Subject: Health Department - Resolution for Opioid Settlement Funds

Per the Opioid Settlement Memorandum of Agreement (MOA), prior to County Opioid Settlement Funds being spent, the Board of Commissioners must adopt a resolution or ordinance to approve the plan of spending for these funds.

The Rowan County Health Department has presented the Opioid Settlement Workplan, Logic Model, and Budget Narrative for years one through three for a plan to address the opioid epidemic in Rowan County. This plan follows the "Option A" strategies as listed in the Opioid Settlement MOA.

The Rowan County Board of Health has reviewed and accepted this work plan. The Board of Health formally recommends the Rowan County Board of Commissioners approve the spending and work plan for the Rowan County Opioid Settlement funds.
