Re: Accept Donation of Vehicle to be used as Airport Crew Car

Date: August 15, 2022

Food Lion, LLC has offered a replacement crew car donation to the Mid-Carolina Regional Airport (Rowan County) from their surplus vehicle inventory.

Manufacturer: Chevrolet
Model: Malibu
Body Style: 4S
Year: 2014
VIN: 1G11B5SL8EF119852
Approximate Mileage: 141,680

The vehicle referenced above comes in “as-is, where-is” condition, no warranties express or implied.

Thomas Smith, Vector Fleet Management Site Manager, advised the vehicle appears in good shape. If acquired by the County, for the Airport, it will need the front tires, brakes pads/rotors and struts replaced.

The Malibu will be a better fit for the application of an airport courtesy car.
