GRANT PROVISIONS

The following state and federal provisions apply to the LSTA grant program. Libraries awarded grants must agree to comply with these provisions.

1. Grant Agreement and Timing of Expenditures

Official notification of the grant award must be received from the State Library and a grant agreement (formal agreement between the grantee and the State Library) signed by both the representatives of the library and the State Librarian *before* any funds may be encumbered or expended for the project.

2. Allowable and Unallowable Costs

Grantees must carry out the grant project according to the approved grant application, and all federal funds must be expended solely for the purpose for which a grant was awarded. The following costs are unallowable and may not be proposed as grant project costs: bad debts, contingencies, contributions and donations, entertainment, fines and penalties, under recovery of costs under grant agreements (excess costs from one grant agreement are not chargeable to another grant agreement).

3. Legal and Regulatory Compliance

Grantees must expend grant funds in accordance with all applicable local, state, and federal laws and regulations.

4. Budget Revisions and Programmatic Changes

Grantees must not deviate from the approved budget and plan for carrying out the grant project as contained in the approved grant application unless prior approval is obtained from the State Library.

5. Records Retention

6. Free and Open Competition

Purchases made from grant funds must be carried out to ensure free and open competition to the extent possible. Libraries eligible to purchase under state contract may use this option for grant purchases.

7. Debarment & Suspension

9. Publicizing & Acknowledging Funds

Grantees are required to credit IMLS/LSTA in all related publications and activities in conjunction with the use of grant funds. Grantees should publicize grant-supported activities in available and appropriate media. The following statement must be used when meeting these requirements: "This publication/activity/program was supported by grant funds from the Institute of Museum and Library Services under the provisions of the federal Library Services and Technology Act as administered by the State Library of North Carolina, a division of the Department of Natural and Cultural Resources." Copies of any publications or materials produced under the grant must be submitted to the State Library. IMLS logos are available at http://www.imls.gov/recipients/imls_acknowledgement.aspx

10. Lobbying

Grantees are prohibited by federal law from using grant funds to pay costs associated with lobbying Congress or the public for purposes of influencing elections, legislation, or the award of any federal funds. Grantees receiving an award of over \$100,000 must file a certification regarding lobbying.

CIPA COMPLIANCE INFORMATION

Libraries that are neither public libraries nor public elementary or secondary school libraries are not subject to CIPA and do not have to comply with this law.

Overview

CIPA is the Children's Internet Protection Act, which applies to public libraries and public elementary and secondary school libraries seeking funds under the federal Universal Service (E-rate) program or the Library Services and Technology Act (LSTA) grant programs funded by the Institute of Museum and Library Services (IMLS) and administered by the State Library of North Carolina.

Affected Libraries

The following types of libraries applying for LSTA grants from the State Library of North Carolina must be CIPA compliant and must submit the **CIPA Compliance Certification Form** with their signed Grant Agreement.

- Public libraries
- Public school libraries
- Consortia with public and/or public school libraries

If a library type listed above is already compliant with CIPA under the rules for receiving E-rate funds, that library is not affected by the rules established for LSTA grant recipients. Accordingly, the compliance information in this document applies **only** to libraries meeting **all three** of the following conditions.

The library is:

- 1) a public library or public elementary or secondary school library,
- 2) NOT required to comply with CIPA through the federal Universal Service (E-rate) program, and
- 3) seeking LSTA funds for the purchase of technology used to access the Internet and/or for the payment of direct costs associated with accessing the Internet.

Libraries that are required to comply with CIPA because of the receipt of funds from the Universal Service (E-rate) program must adhere to a different and more stringent set of requirements. More information about those requirements may be found at <<http://statelibrary.dcr.state.nc.us/hottopic/cipa/cipa.htm>>. The compliance information in this document does not apply to libraries that must comply with CIPA under the Universal Service (E-rate) rules.

Purchases That Require CIPA Compliance

A library that is subject to CIPA under the rules for LSTA must comply with the law when either of the following are approved for purchase with LSTA funds:

- technology used to access the Internet, or
- direct costs associated with accessing the Internet (i.e., the costs of connecting to an Internet service provider [ISP]).

Requirements for Compliance

The policy requires that some form of "technology protection measure" be in use on *all* computers used to access the Internet. *This includes computers that were not purchased with LSTA funds but that are used to access the Internet.* The law provides no other guidance on technology protection measures. According to the CIPA legislation, the technology protection measure may be disabled upon the request of the user for "bona fide research or other lawful purposes." The law as applied to LSTA grant recipients *does not differentiate* between minors and adults when a request is made to disable the technology protection measure or unblock a website. Anyone may make such a request. For purposes of CIPA, a "minor" is someone under 17 years of age.

To receive LSTA funds for purchases listed above, the library must have in place a policy of:

- a) Internet safety for minors that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are (I) obscene; (II) child pornography; or (III) harmful to minors; and is enforcing the operation of such technology protection measure during any use of such computers by minors; and
- b) Internet safety that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are (I) obscene; (II) child pornography; and is enforcing the operation of such technology protection measure during any use of such computers.”

Note that the difference between (a) and (b) is that (a) applies to minors and includes the category of “visual depictions” that are “harmful to minors”, while (b) applies to adults and does not include the category “harmful to minors”.
