State of North Carolina

To Whom It May Concern:

Spacesaver distributes its products through a network of Area Contractors. Each Spacesaver Area Contractor under obligation and contract is required to sell, service and install Spacesaver High Density Mobile Storage Systems, compact shelving and storage products in their given Primary Area of Responsibility. Patterson Pope has sole authority of these responsibilities in the state of North Carolina.

Spacesaver specifies that all installations must be performed by factory trained and certified technicians. I confirm that Patterson Pope-Spacesaver is the only Spacesaver authorized installation / service technicians certified to install, service, move or add on to any new or existing Spacesaver system in their primary area of responsibility. Any existing Spacesaver system must be moved by a factory trained and certified Spacesaver installer in order to maintain its warranty and the availability of parts.

No other party other than Patterson Pope-Spacesaver is authorized, trained or certified (which is contingent on activating and maintaining warranty) to conduct Spacesaver work in this territory. Please also note that the warranty is void if work is done by others and no other company can purchase replacement or upgrade parts for the Spacesaver systems.

We are pleased to have this firm represent Spacesaver and to have their experienced staff available locally to address your product and service needs.

Sincerely,

SPACESAVER CORPORATION
