

MONTHLY BOARD APPOINTMENTS
December 7, 2020
COMMISSION MEETING

AGRICULTURAL ADVISORY BOARD

Ben Knox applied to fill the remainder of a previous member's term that will expire May 31, 2023.

CABARRUS ROWAN MPO

Each year the North Carolina Department of Transportation (NCDOT) requires the MPO to supply a list of current Transportation Advisory Committee (TAC) members and the Technical Coordinating Committee (TCC) of the Cabarrus-Rowan Urban Area Metropolitan Planning Organization.

The Commissioners are asked to consider the reappointment of the following members for 2021:

- Chairman Greg Edds as the TAC member and Vice-Chairman Jim Greene as the alternate.
- Planning Director Ed Muire as the TCC appointee and Assistant Planning Director Shane Stewart as the alternate.

CLEVELAND COMMUNITY VOLUNTEER FIRE DEPARTMENT FIRE COMMISSIONERS

Claude Rogers applied for reappointment for a two-year term that will expire December 31, 2022.

BOARD OF HEALTH

- **Engineer Seat:**

L. Giles Goodman currently fills the Engineer seat on the Board of Health and has applied for a second term.

Samuel Lebowitz also applied for the Engineer's seat.

The appointment for the chosen applicant will be for three (3) years and expire on December 31, 2023.

- **Dentist Seat:**

Dr. John Webb currently fills the Dentist seat and has applied for a second term that will expire December 31, 2023.

- **General Public Seat:**

James B. Sides, Jr., Dr. Darise D. Caldwell and Dr. Ann R. Furr applied to fill the General Public seat.

The chosen applicant will serve a three (3) year term that will expire on December 31, 2023.

JURY COMMISSIONER

Michael Taylor applied for reappointment for a three-year term that will expire December 31, 2023.

LOCAL EMERGENCY PLANNING COMMITTEE

Kyle Baker applied to fill the vacant Environmental/Health/Transportation seat. While Mr. Baker is not a Rowan County resident, the LEPC is a unique Board serving specialized emergency coordination needs for the County. There are no term limits for the LEPC.

PARKS AND RECREATION

Edmond Watts and Jim Beck both applied for reappointment for three-year terms that will expire December 31, 2023.

There is one (1) remaining seat that will become vacant December 31, 2020 and Alex Bruce has applied. The term would expire December 31, 2023.

PLANNING BOARD

There are three (3) seats on the Planning Board that will become vacant on December 31, 2020. The following four (4) applications were received:

- Adam Sewell
- Charles Michael Julian
- Stephen Jeno Johnson
- Karla C. Foster

The three (3) selected applicants will serve a three-year term that will expire December 31, 2023.

ROWAN COUNTY RESCUE SQUAD

Commissioner Mike Caskey's term will expire December 31, 2020 and he wishes to continue his service to the Rescue Squad. If reappointed, the term would be for three (3) years and will expire on December 31, 2023.

William D. Feather applied for an At Large seat with a three-year term that will expire on December 31, 2023.

SALISBURY-ROWAN ECONOMIC DEVELOPMENT COMMISSION

There are two (2) county-appointed seats that will become open at the end of December and Gary Blabon and Luke Carroll Fisher have applied. The term for both appointments will expire December 31, 2023.

THERAPEUTIC RECREATION BOARD

Nancy Collins applied for reappointment for a three-year term. Ms. Collins' term expired March 31, 2020. The Board has not met during the Pandemic; however, Ms. Collins has remained available, if needed. If approved the term would expire March 31, 2023.

TOURISM DEVELOPMENT AUTHORITY

Commissioner Craig Pierce fills the County Commission seat on the TDA and would like to be reappointed for a two (2) year term that will expire on November 30, 2022.

(Note: There is still one (1) vacancy on this board that has been open since August 31, 2020 for the County Lodging seat).

WEST ROWAN VOLUNTEER FIRE DEPARTMENT FIRE COMMISSIONERS

Jennifer McDaniel and Danny Ellenburg are eligible for reappointment for two-year terms that will expire December 31, 2022.

Matthew Graham Owen applied for a two-year term that will also expire December 31, 2022.

VOLUNTEER FIRE DEPARTMENTS RELIEF FUND BOARD OF TRUSTEES APPOINTMENTS

In accordance with North Carolina General Statute § 58-84-30, the Board is asked to consider two (2) appointments for each of the volunteer fire department listed below.

All appointments and/or reappointments are for two (2) years beginning January 1, 2021 and expiring December 31, 2022. The applicants are as follows:

ATWELL

- Steven Garver – reappointment
- Ryan Yost - reappointment

BOSTIAN HEIGHTS

- Jason Corriher - reappointment
- Charles Haas - reappointment

CLEVELAND COMMUNITY

- Greg Summitt - reappointment
- Ronald Herion - reappointment

EAST GOLD HILL

- Carter Trexler
- Randall Chad Earnhardt - reappointment

ELLIS CROSS COUNTRY

- Jerry Kepley
- William Kyles - reappointment

ENOCHVILLE

- Diane Elizabeth Burney - reappointment
- Michael David Caskey, Jr. – reappointment

FRANKLIN

- Carter Thomason - reappointment
- Jennifer Simmons Spry - reappointment

LIBERTY

- Lisa Misenheimer Trexler - reappointment
- Jeffrey Miller - reappointment

LOCKE TOWNSHIP

- David Lee Linker - reappointment
- James Basinger - reappointment

MILLER FERRY

- Michael Cole Alligood - reappointment
- David Linn Oakley - reappointment

POOLETOWN

- Tina Barkley - reappointment
- Allen Shinn - reappointment

ROCKWELL RURAL

- Kenzie Overcash
- Michael Peebles

SCOTH IRISH

- Mike Aistrop - reappointment
- Ryan Thompson - reappointment

SOUTH SALISBURY

- Gary M. Caskey - reappointment
- Michael E. Goodman - reappointment

UNION

- Kevin Kesler - reappointment
- Rick Waller - reappointment

WEST ROWAN

- Eddie Mills - reappointment
- Philip Sloop - reappointment

WOODLEAF

- Joseph Artie Watson - reappointment
- Joseph Gregory - reappointment

Business/Civic Experience and why you feel you are qualified for this appointment:
I have been connected to farming all my life. I farm with my brother and work off the farm selling soil improvement products.

I served on the West Rowan land planning committee when the county commissioners was interested in protecting farm land and having sound development in the western end of the county.

Cleveland Community Volunteer Fire Department Fire Commissioners	0	<div>Pending</div>

Basic Information

Name
Claude Leon Rogers, Jr.

Business/Civic Experience and why you feel you are qualified for this appointment:
Lifetime member of Cleveland Community Volunteer Fire Department. Having 32 years in Fire Department. Fire Fighter 1 and Fire Fighter 2 certification. 41 years certified as an EMT. Filled the position as a captain, sergeant, deputy chief and an assistant chief while being part of the fire department in the 32 years. Previous member on the Board of Directors for Cleveland Fire Department. Held the position as President. 10 years with the Rowan County Rescue Squad. Held the position as a captain as officer while on the Rescue Squad.
Certification that I have received are EMT, ERT, Hazmat Ops, Confined Space, Farm Medic, SAR tech 2.

I know the issues that are involved in the daily running of the fire department. I know the type of equipment and the cost of the things that are needed to run a fire department. I know the difference

between just wanting something and something that is needed to run the operation. I'm not afraid to ask questions about the budget and how the finances are laid out. I look at the whole picture from past experience as a member of the fire department and now as a member of the community in the fire district. I believe this will help me be able to make the right decision on how the money is used for the department and the well being of the citizens in the district.

Bahnson Mechanical Systems

Occupation

Senior Design Engineer, PE

OnBoard2 - Powered by ClerkBase

L. Giles Goodman III

Experience

2013- Present Bahnson Mechanical Systems Charlotte, N.C.

Senior Design Engineer

- HVAC design and project support for the construction and modification of commercial, industrial process cooling, data centers, laboratories, hazardous storage, nuclear and fossil/hydro station facilities.
- Project proposal and budget development
- System operational investigations
- HVAC system analysis and modeling using Trane Load 700 and System Analyzer.
- Significant multiple design projects for Duke/Progress Energy in NC and SC for operation centers, data centers, laboratories, clean rooms, corporate offices and power plant modifications.
- Indoor air quality evaluation and building pressurization control.

2005-2012 Duke Energy, Corporate Real Estate Services Charlotte, N.C.

Senior Mechanical Engineer

- Significant HVAC and mechanical design experience of commercial, industrial, data centers, laboratories, hazardous storage, nuclear and fossil/hydro station facilities.
- Design of site data/server rooms at McGuire, Catawba and Oconee Nuclear Stations; initial conceptual design of McGuire Alternate Data Center.
- Multiple projects design and engineering project oversight for mechanical projects at the DE College Street Data Center.
- Facility energy analysis and assessment
- Design experience with chilled water, glycol, steam, air cooled, geothermal, and ice thermal storage systems.
- Mechanical engineering operational support of more than 14M square feet of commercial, industrial and data center facilities.
- Project management of mechanical projects ranging from \$ 5K to \$ 10M
- Selection and management of consulting engineers for outsourced projects.
- Corporate planning, estimating and budgeting for major mechanical projects and equipment replacements.
- Development and management of annual mechanical service contracts.
- Unescorted nuclear access.

2003-2005 Duke Energy, Corporate Real Estate Services Charlotte, N.C.

Asset Manager, Charlotte Facilities

- Management of building operations for all Duke Energy Charlotte facilities (approx. 3M SF)
- Management of contracts for facility services including building operations and maintenance, building security, food services, custodial services, parking administration, and landscaping.
- Development and management of approximately \$27M annual capital and operating budgets.

1987-2003 Duke Energy, Corporate Real Estate Services Charlotte, N.C.

Senior Mechanical Engineer, Engineering Supervisor

- Significant HVAC and mechanical design experience of commercial, industrial, data centers, nuclear and fossil/hydro station facilities.
- Design experience with chilled water, glycol, steam, air cooled and thermal storage systems
- Principle management of mechanical engineering group (15 engineers and designers) performing HVAC, fire protection, plumbing, and water/sewer distribution systems design.
- Mechanical engineering operational support of more than 12M square feet of commercial and industrial facilities.
- Project management of mechanical projects ranging from \$ 5K to \$ 10M
- Selection and management of consulting engineers for outsourced projects.
- Corporate planning, estimating and budgeting for major mechanical projects and equipment replacements.
- Development and management of annual mechanical service contracts.
- Initial development of a mechanical engineering group performing HVAC, fire protection, plumbing, and water/sewer distribution systems design for primarily commercial and industrial facilities at Duke Power generating facilities from existing Design Engineering personnel (1987).

1976-1987 Duke Power Co., Design Engineering Department Charlotte, N.C

Supervising Design Engineer

- Supervision of piping engineering and fire protection groups providing piping engineering support for all Duke nuclear, fossil and commercial piping projects.
- Development of Fossil Life Extension program and implementation approach. Technical paper and presentation to ASME and ASCE national conventions.
- Evaluation of Duke, TVA and Delmarva Power & Light fossil stations relative to current condition of piping, mechanical systems and related components, water systems and compressed air systems. Development of final reports and budget analysis to clients.
- Supervision of in-house and contract engineers performing piping analysis and structural designs for nuclear safety related piping and duct supports and piping analysis during the construction of McGuire Nuclear Station.
- On site coordination of piping support design with piping and support erection activities

during the final five years prior to McGuire Unit 1 and 2 start-up.

- Management of contract engineering, vendor, and consultants activities.
- Review of nuclear safety related calculations during NRC technical audits and Performance of technical audits on nuclear equipment vendors.

**1974–1976 Southerland & Associates, Consulting Engineers, Charlotte, N.C.
Engineer Assistant**

- Performed miscellaneous mechanical, structural, electrical design projects including piping design, HVAC system design, structural analysis of machine parts, equipment arrangement and design of material handling systems under the supervision of professional engineers.

Skills / Knowledge

- HVAC design using Trane Trace and associated load analysis programs.
- Knowledge and application of the IBC and ASHRAE 62 and 90.1
- Indoor Air Quality investigations/resolutions.
- Significant facility management experience as engineer/owner/operator.
- Management/supervision of engineering and technical groups ranging from six to ninety personnel.
- Energy analysis and energy efficiency strategies.

Education / Professional

- UNCC, Bachelor Mechanical Engineering, Honors
- Rowan Technical Institute, AAS Mechanical Engineering
- Clemson University, Architecture, 1968-71
- North Carolina PE 10166, Kentucky PE 14424, Pennsylvania PE 074637,
Virginia PE 402056030, West Virginia PE 22074
- ASHRAE and NFPA Member

**Project History and
References**

Summary of HVAC project design history for new construction and renovations:

- Commercial Office Space; single and multi-story (2,000SF – 500,000SF)
- Dental/ Medical/ Veterinary Office space (2,000SF – 10,000SF)
- Environmental Laboratory and Clean Rooms (1,000SF – 50,000SF)
- Industrial & Power Plant HVAC systems, Data Centers, and Process Cooling (5,000SF – 300,000SF)
- Restaurant and Food Service space (2,000SF – 15,000SF)
- Thermal storage and geothermal system HVAC design (10,000 – 100,000 SF)
- Historical Buildings HVAC retrofits and evaluations (< 15,000 SF)

Please consider my application for the up-coming "Engineer" vacancy for the Board of Health. My educational background includes graduate level study in both life sciences and engineering. With 30+ years of professional experience, I am a subject matter expert in engineering design for food & pharmaceutical processes, cleanability and sterility. I am competent to read, interpret and comment on engineering drawings and documents. My community involvement includes being President of the Temple Israel Jewish Congregation in Salisbury for the last 10+ years, community faith-based organizations, school volunteer activity, and YMCA fund raising.

Occupation

Engineer

OnBoard2 - Powered by ClerkBase

Samuel F. Lebowitz

Summary: Sam Lebowitz has 30+ years of hygienic process engineering experience. He provides technical information for cleanable food process, biopharm, and specialty chemical processing. His specialty includes cleanable process and sterility consultation in the preliminary and detailed design phase, field engineering, and commissioning and validation services. Sam Lebowitz has several publications on the subject of integrated hygienic design with CIP and has frequent speaking and teaching engagements. He participates in several hygienic design standards committees and professional organizations, including 3-A, ISPE, PDA and ASME BPE.

Professional Experience

Technical Services Manager – Electrol Specialties Company, Salisbury, NC (Main Office, South Beloit, IL) • March, 1991 – Present

- Process engineering for hygienic design of pharmaceutical facilities, including Functional Requirements Specifications, process flow diagrams, P&ID drawings, and scaled layout drawings.
- Integrate process needs with equipment design requirements for Clean-In-Place (CIP) systems, custom spray devices, valve manifolds, and transfer panels.
- Site audits and surveys of existing process facilities for optimization of CIP and process functions.
- Commissioning of CIP and other processes in pharmaceutical facilities.
- Develop and execute FAT, DQ, IQ, and OQ documents for CIP and other process equipment.

Bio/Pharm Engineer – United Engineers and Constructors, Winston-Salem, NC • June, 1990 – March, 1991

- Process engineering and project management for pharmaceutical facility construction and renovation.
- Development of equipment specifications used in purchase of capital equipment.
- Development of commissioning documents used during start-up of process equipment.

Process Engineer – Seiberling Associates, Inc., Roscoe, IL • March, 1989 – June, 1990

- Process engineering and project management for design of food and pharmaceutical facilities.
- Site surveys of existing process facilities to accumulate information needed for process flow diagrams, P&ID drawings, and scaled equipment layout drawings.
- Commissioning of processes and equipment in food, dairy, and pharmaceutical facilities.

Education

Master of Science (Food Engineering) – The Ohio State University, Columbus, OH • 1989
Bachelor of Science (Biochemistry/Chemical Engineering Emphasis) – The Pennsylvania State University, State College, PA • 1983

Professional Affiliations

International Society of Pharmaceutical Engineers (ISPE), Document Workgroup Leader
3-A Sanitary Standards, Inc. (3-A SSI), Document Workgroup Leader

Selected Project Experience (Abbreviated)

Aurobindo, Hyderabad, India

Novel custom application for process solvent based regeneration of API bulk solid system to reduce down time and personnel exposure.

ConAgra Foods, Reddi Wip Product, Indianapolis, IN

Design and fabrication of first of a kind, high-tech aseptic process steam barrier isolation valve matrix concept to greatly increase up-time for processing of an extended shelf-life dairy product.

Emergent Biosolutions, Lansing, MI

Bulk Vaccine Production: CIP integration with existing process and for new BSL-3 manufacturing. Designed and fabricated custom spray devices.

Genentech, S. San Francisco, CA

Bulk Biotech Production: Designed and fabricated multiple CIP systems, and designed and fabricated customer spray devices over several years for multiple locations.

Lonza, Greenwood, SC

Novel custom application for agricultural-based nutraceutical manufacturing process, with integrated CIP cleaning systems to reduce down time and personnel exposure.

NC State University Food Innovation Lab, Kannapolis, NC

Process design, construction, unit operations, and installation consultation for flexible pilot-scale agriculture innovation center.

Otsuka, Rockville, MD & Japan

Specialty API Production: Developed basis of design, bench scale, and full-scale concept of unique automated API process system including controlled reagent addition, reaction and filtration.

SAIC, Frederick, MD

Bulk Vaccine Production: Process/CIP integration for four process suites. Coordination of automated CIP with bioreactor operations.

University of Wisconsin, Center for Dairy Research (CDR) and Babcock Hall Renovation

Process design, layout, and equipment specification for renovation of the Babcock Hall dairy processing plant along with addition of the CDR for state of the art cheese manufacturing research.

Unilever Ice Cream, Covington, TN

New Frozen Desert Manufacturing Process: Process design, layout, equipment specification, automation coordination.

Business/Civic Experience and why you feel you are qualified for this appointment:

I have served on various boards in Rowan County. I enjoy being involved in decision making involving the citizens of Rowan County. This is my way of giving back to the community I am proud to be a member of. I currently serve on the Department of Social Services Board for Rowan County. I have always wanted to serve on the county Health Board to learn more about the services they offer our citizens. I would like to be a involved in the process of delivering those services by serving on the Health Board. I am retired and feel I could devote the proper time to the job.

PROFESSIONAL EXPERIENCE

US Department of Veterans Affairs

Emergency Management Specialist (Full Time)

Supervisor Contact: Brad Pearson, Safety Manager

Salisbury, NC VAHCS

October 2020-Present (GS 12, Step 1)

(704) 638-9000 x 13230

- Served as the Emergency Management Specialist during Covid-19 pandemic and Hurricane Isaias.
- Developed Incident Command objectives for weekly IC meetings.
- Active member of the VISN 6 Emergency Management Committee.
- Chair of the SVAHCS Emergency Management Committee.
- Designated as the facility FCC Coordinator.
- DEMPS & PIMS Program Manager.
- Conducted disaster preparedness training for staff.
- Developed After Action Report for real world events such as power outages, hurricane & tornado warning. Coordinated and executed planning exercises and drills.
- VAMC Liaison with the City Mayor's Office, Rowan County Emergency Management and County Medical Response Services.
- Creating and updating of Continuity of Operations Plans and Hazard Vulnerability Assessments.
- Create and administer emergency management programs and documentation in accordance with The Joint Commission (TJC) and Commission on Accreditation of Rehab Facilities (CARF).
- Create and manage Environment of Care (EOC) reports for Emergency Management.
- Administrator for Alertus and EAAS. Deployed test notifications for emergency planning.
- Serve as a technical authority and subject matter expert for the VAMC, with responsibility for coordinating the efforts of the medical center staff involved with emergency management to ensure that a Comprehensive Emergency Management Program is developed and implemented in accordance with VHA and local policy and guidance.
- Plan, organize, implement, oversee and provide technical assistance for projects to resolve emergency management problems to include, but not limited to emergency preparedness in drills over two times per year as required by OSHA and TJC; decontamination procedures and acquiring the required equipment; training of personnel in all aspects of decontamination.
- Responsible for the oversight and management of emergency management program(s) and coordinating the efforts of the organization that relate to emergency preparedness matters which include: Developing and implementing emergency management policies, procedures and systems; advise management on how emergency management policies, procedures and systems will effect the operation of the facility; evaluate, modify and implement emergency preparedness alternatives at the local facility to reduce loss of life during an emergency response; manage and/or provide technical advice regarding response to emergencies requiring the use of decontamination procedures.

- Acts on behalf of the Medical Center Director with delegated authority to commit or render a decision concerning a broad range of issues as they relate to the VAMC's Comprehensive Emergency Management (CEM) Program and the community plans.
- Responsible for developing and implementing policies, procedures, contingency and operation plans and emergency systems; serves as the VAMC liaison with the City Mayor's Office, the Rowan County Office of Emergency Management, and the County Emergency Medical Response Services.
- Perform work planning, designing, constructing, modifying or improving, and maintaining systems and programs for the emergency management, either by in-house or contractual effort to establish standards, promote improvements, evaluate compliance, and if necessary, directing action to secure satisfactory results.
- Develop, conducts, and participates in training sessions for VAMC personnel; develops promotional and educational activities to promote stake holder awareness of VAMC issues.
- Plans, Organizes, implements, oversees, and provides expert technical assistance for projects to resolve emergency/disaster mitigation and response problems to include HAZMAT exposure incidents, bio-terrorism, biological outbreaks and/ or pandemic events, chemical-warfare agents, explosions or explosive devices, nuclear weapons or intentional exposures, organized assaults (terrorism), mas utility outages, or other associated incidents that would adversely affect normal operations at the facility.
- Assists in the management and maintenance of the facility Safety Program, including conducting safety related training activities, hazardous site surveys, investigation of safety hazards and incidents, generation of associated reports and investigating findings, and staff support activities related to maintaining a safe environment.
- Member of the Accident Review Board/OWCP committee performing duties associated with this role to include collecting and assimilating data to present to the community.
- Provide assistance and training to supervisors and managers in the use of the Employee's Compensation Operations and Management Portal (ECOMP) and participates on the Accident Investigation Team.

Business/Civic Experience and why you feel you are qualified for this appointment:

I am a life long resident of Rowan County who has been interested in county government for the past several years. I have been a candidate for Board of Education and County Commission. I have been employed by Packaging Corporation of America for 36 years in various positions, but for the past 25 years as the Transportation and Shipping Manager. I am also the founder/owner of Julian's Pool Service, which has been in business for 4 years and growing each year. During my travels around the county I see all kinds of growth and believe this growth; although good for the county, it needs to be controlled and regulated to keep the high growth areas uniform.

At Franklin Pool Inc. I served on the Board of Directors for 8 years, of which 5 years I served as President. I was a member for 10 years of the Franklin-Ellis Lions Club where I held various positions such as President on 3 different occasions. I have been an active member in the school system during my children's educational experience, from Booster Clubs to mentoring other students.

Over the past 2 years I have been less active in County Government to concentrate on my personal business, it will be a retirement business, but I am now ready to take a role in this county moving forward again. I feel that my well-rounded experiences and my passion for Rowan County to excel will make me an asset to this board if selected.

Business/Civic Experience and why you feel you are qualified for this appointment:
I have been a resident of Rowan County for 29 years.

I believe I am qualified to be on the planning board because I have the ability to listen to facts and circumstances and make a decision that yields a positive result. I would be able to use this skill to help develop Rowan County.

I believe I am qualified to be on the Juvenile Crime Prevention Council because I am currently a police officer and I have experience dealing with juveniles regularly who are involved in criminal activity. Being a relatively younger person myself I am able to relate to some of the issues facing many of juveniles in our community and I believe I can help find solutions to their problems.

Business/Civic Experience and why you feel you are qualified for this appointment:

I am a current board member with my term expiring. I am a retired registered nurse with 50 years of nursing experience. My employment history has variety of work experience ranging from hospital, public health, nursing home and school health. I retired from the Rowan Salisbury School System in 2014.

I am the parent of a intellectually disabled adult son who is involved in the Rowan County Therapeutic Recreation Program. I also serve on the board of Special Olympics Rowan County and coach as well.

I hope you will consider allowing me to continue to serve on this board for another term.

Business/Civic Experience and why you feel you are qualified for this appointment:

I have worked for the Mt Ulla Post Office for 16 years, as a clerk and as an OIC, helping to maintain our local office for the community.

I recently worked for a 17 day period, early voting, with the Rowan County Board of Elections, making sure that anyone who wanted to vote was able to do so. I also worked on the actual day of the election, November 3rd.

I am pleased that I could benefit my local fire department and my community in the manners that I have.

I held this position with the West Rowan fire commissioners during the last year. I look forward to serving my local fire department another year.

Business/Civic Experience and why you feel you are qualified for this appointment:

- * Agriculture Teacher at West Rowan High School
- * Treasurer of the North Carolina Agriculture Teachers Association
- * West Rowan FFA Advisor
- * Back Creek Presbyterian Church Stewart's Committee
- * 6 years as member of Rowan County Parks and Recreation Board

I feel this is a great way to serve my community that I have grown up in. I have had many family members and friends that served on the West Rowan Volunteer fire department. I find great importance in the use and provisions of the volunteer fire departments within our district.

Business/Civic Experience and why you feel you are qualified for this appointment:
I currently serve as President of the Board of Directors for South Salisbury Fire Department.

I was an active firefighter of this organization from 1978 until 2005 serving in various capacities.

I feel my experience with this organization and its members provides me with the knowledge needed to serve on the Relief Fund Board of Trustees.
