2. PUBLIC COMMENT PERIOD

Chairman Edds opened the Public Comment Period to entertain comments from any citizens wishing to address the Board. With no one wishing to address the Board, Chairman Edds closed the Public Comment Period.

3. PUBLIC HEARING FOR PROPOSED LEASH ORDINANCE CHANGES

Animal Services Director Bob Pendergrass said the Board had scheduled a public hearing for proposed text amendments to the Rowan County Code of Ordinances, Section 5-36 pertaining to the Restraint of Non-vicious Animals. Mr. Pendergrass provided a power point to depict the recommended changes, which was to incorporate the following language: *Electronic control devices such as correction collars are not considered restraint off of the owner's property. No electronic devices will be considered as restraint off the owners' property.*

Commissioner Caskey said the proposed text had arisen as a result of an incident in the City of Salisbury (City). Commissioner Caskey asked if the text amendments would supersede any City ordinance. Mr. Pendergrass responded the language would supersede the City's ordinance unless the City had a stronger ordinance.

County Attorney Jay Dees stated he had been in contact with the City Attorney regarding the original agreement for providing Animal Services. Mr. Dees said the City's ordinance was still on their books and the County would be working with them to create an enforceable ordinance.

Chairman Edds opened the public hearing to receive citizen input regarding the proposed text amendments. The following citizens came forward:

- Renee MacNutt thanked the Board for considering the text amendments and expressed hope the language would be approved.
- Peggy Mills said she felt the proposed ordinance would be good for the community and an encouragement for dog walkers to feel safer.

With no one else wishing to address the Board, Chairman Edds closed the public hearing.

Commissioner Pierce moved to approve the text amendments as submitted. The motion was seconded by Commissioner Klusman and carried unanimously.

The text amendments were presented as follows:

Sec. 5-36. - Restraint of non-vicious animals.

- (a) Sufficient restraint shall include, but is not be limited to, restraint by a leash attached to a harness or collar, or similar effective or humane device that is physically capable of restraining an animal, or confinement indoors or within a cage suitable for the animal, fence, or similar secure enclosure or temporarily in a vehicle for travel whether the vehicle is in motion or stopped. Electronic control devices such as correction collars are not considered restraint off of the owner's property. Being loose in the back of an open truck does not constitute being restrained. Sufficient restraint shall also include immediate supervision of an animal by a competent person when both are in the limits of the real property of the animal's owner or keeper.

4. PUBLIC HEARING: MORATORIUM ORDINANCE FOR CAMPGROUNDS AND RV PARKS

Planning Director Ed Muire said on July 2, 2018 the Board of Commissioners adopted a resolution declaring its intent to adopt an ordinance enacting a six (6) month moratorium for establishing campgrounds or recreational vehicle parks in Rowan County's planning jurisdiction.

Mr. Muire highlighted the resolution and the statutory requirements to impose the moratorium. If adopted, Mr. Muire said the duration of the moratorium would be in effect August 6, 2018 through February 6, 2019, unless revisions were adopted prior to the moratorium deadline. Mr. Muire then reviewed the schedule of actions to be followed during the moratorium.

Mr. Muire mentioned that Staff had identified 21 different campgrounds in Rowan County with approximately 574 spaces.

Commissioner Caskey asked if the ordinance remained in effect if no action was taken by the County and also whether the moratorium would stop anyone from building a campground. Mr. Muire responded there were no applications pending at this time, and no paperwork had been filed with the Inspections or Planning Departments. Mr. Muire continued by saying if there was an applicant in the process of applying for permits, the moratorium could be challenged through the Zoning Board of Adjustment. Mr. Muire explained the Board of Commissioners could take the position that someone was in the application stages and find they were not subject to the ordinance. Mr. Muire said staff was of the opinion there were no applications to be grandfathered in.

County Attorney Jay Dees added he has been in discussions with Attorney Randy Reamer who represented a property owner claiming to be in the application process. Mr. Dees stated if it could be determined they were in the process of application and had vested interests, the property owners could therefore be exempt from the moratorium. Mr. Dees said upon further investigation by Mr. Muire, an opinion was formed the property owner did not meet those standards of exemption. Mr. Dees stated neither change in use, nor expansion of use applications had been filed at this point by the property owners.

In response to an inquiry from Commissioner Klusman, Mr. Dees clarified once the announcement for the public hearing was made, and the Moratorium Ordinance is adopted, everything freezes. Mr. Dees said if the Ordinance was not adopted, the County would continue processing applications under the current standards. In regards to the position asserted by the property owner through their attorney, Randy Reamer, Mr. Dees determined the property owner had not done enough to be considered a formal application.

Chairman Edds opened the public hearing to receive citizen input regarding the moratorium. The following citizen came forward:

- Jerry Holshouser said he owned Lakefront Campground across the bridge from Tamarac Marina. Mr. Holshouser said his campground was equipped with restrooms and septic systems, all of which were registered through the County. Mr. Holshouser felt a moratorium was a little over the top. Mr. Holshouser stated he attended the first planning meeting for the process and was looking forward to the second meeting. Mr. Holshouser repeated he felt the moratorium was over the top since he was not aware of anyone currently trying to put in a campground. In closing, Mr. Holshouser said adding more rules might not be the answer. Commissioner Klusman asked Mr. Holshouser how large his campground was. Mr. Holshouser said his campground offered 30 units people rent by the year. Mr. Holshouser said he had considered expanding but felt the rules regarding roads and costs to implement environmental regulations outweighed the potential benefits.

With no one else wishing to address the Board, Chairman Edds closed the public hearing.

Chairman Edds said the campground issue was brought to the forefront after the meeting room was filled months ago with concerned citizens who worried a campground would be built next to their homes. Chairman Edds said the Board had not reviewed the ordinance since 1998, whereas other agencies had updated their ordinances regarding campgrounds. Chairman Edds stated the Board wanted to make sure it was protecting all citizens and tax payers of Rowan County.

Commissioner Pierce moved, Commissioner Klusman seconded and the vote to adopt and enact the Moratorium Ordinance passed unanimously.

The ordinance was adopted as follows:

**An Ordinance to Enact a Six Month Moratorium for
Establishing or Expanding Campgrounds and / or Recreational Vehicle Parks
In Rowan County's Planning Jurisdiction**

WHEREAS, North Carolina General Statutes 153A-34 delegates the authority to govern Rowan County, NC to the Rowan County Board of Commissioners; and,

WHEREAS, North Carolina General Statutes 153A-340 grants North Carolina counties the power to enact zoning and development regulations, "for the purpose of promoting health, safety, morals, or the general welfare;" and,

WHEREAS, North Carolina General Statute 153A-340(h) authorizes counties to adopt temporary moratoria on any development approval required by law provided the duration is reasonable to correct, modify or resolve such conditions necessitating the moratorium; and,

NOW, THEREFORE BE IT RESOLVED, that the Board of County Commissioners of Rowan County, North Carolina, does enact and adopt the following:

Section 1. Title

This ordinance shall be known and may be cited as the Campgrounds and Recreational Vehicle Parks Moratorium for Rowan County.

Section 2. Problem Statement and Course of Action

Pursuant to NCGS 153A-340(h)(1), the rationale for enacting a six month moratorium is substantiated by the following:

- a. The criteria for permitting campgrounds and recreational vehicle parks subject to the Rowan County Zoning Ordinance (RCZO) has remained unchanged since the Board of Commissioners adopted the RCZO on January 19, 1998 with an effective date of February 16, 1998.
- b. The Rowan County Board of Commissioners have expressly placed a renewed emphasis on promoting recreational and development potential surrounding High Rock Lake. The majority of existing campgrounds and recreational vehicle parks in Rowan County are located in areas bordering High Rock Lake.
- c. Residents of High Rock Lake have reported secondary impacts associated with campgrounds and recreational vehicle parks related to year-round occupancy, trash, traffic, noise and sewage.
- d. The Land Use Plans for the Eastern and Western Areas of Rowan County neither considered nor provided recommendations for campgrounds or recreational vehicle parks.

Absent adoption of this ordinance, the typical process for considering amendments to the RCZO is an inadequate course of action as the Board of Commissioners is concerned campgrounds and or recreational vehicle parks may be established that could adversely impact the environment and quality of life for county residents.

Section 3. Applicability

Pursuant to the requirements of NCGS 153A-340(h)(2), this ordinance shall apply to any and all properties in the planning and zoning jurisdiction of Rowan County, NC that submit an application(s) for a building, electrical, mechanical, plumbing, individual or multi-connection water well, ground absorption or engineer designed septic system, soil erosion and sedimentation control plan, conditional use or a zoning permit to establish or expand a campground or recreational vehicle park.

Enacting the moratorium will allow Rowan County to give comprehensive consideration to the primary and secondary impacts associated with these development projects and ensure their compatibility within the context of the general land use recommendations contained in the Eastern and Western Area Plans for Rowan County.

Section 4. Moratorium Duration

This moratorium ordinance shall be in effect for the six (6) month time period between and including the dates of August 6, 2018 through February 6, 2019 unless such revisions to the RCZO are adopted prior to the moratorium deadline enumerated in this section or the duration is extended as per NCGS 153A-340(h). The 6-month duration is reasonable to the extent that it allows an opportunity for the Planning Board to study, process and request information relative to

NC building code standards, environmental health criteria and comparative zoning requirements from other jurisdictions. Subsequent development of ordinance changes or policy guidelines will be submitted to the Rowan County Board of Commissioners for direction and guidance relative to the proposed changes.

Section 5. Schedule of Actions

The Rowan County Board of Commissioners has directed its Planning Board to provide recommendations for amending the RCZO standards for campgrounds and recreational vehicle parks related to: acreage requirements, density, access, screening and buffering, utilities, amenities, length of stay and any other relevant standards deemed appropriate for establishing or maintaining said facilities.

The following schedule proposes the actions to be taken by Rowan County during this moratorium.

DATE	ACTION
August '18 – September '18	<ul style="list-style-type: none"> ▪ Committee B of the Planning Board will study information and material relative to NC Building Code, Environmental Health, etc. related to establishing or maintain an RV Park ▪ Committee B and Staff will prepare DRAFT text amendments to the RCZO
October 2018	Committee B will provide its DRAFT text amendments to the Rowan County Planning Board for consideration
November 2018	Planning Staff will provide DRAFT text amendments to the Rowan County Board of Commissioners for direction and guidance
November '18 – December '18	Suggested revisions or guidance from the Board of Commissioners will be incorporated into the DRAFT text amendments (as necessary)
December 2018	Rowan County Planning Board will conduct a Courtesy Hearing on the DRAFT text amendments and provide its recommendation to the Board of Commissioners
January 7, 2019	Board of Commissioners schedules Public Hearing for Planning Board's recommended DRAFT text amendments
January 22, 2019	Board of Commissioners conducts Public Hearing

Section 6. Effective and Termination Dates

This ordinance shall be in effect and enforced as of the 6th day of August 2018 until February 6, 2019 unless its terms and duration are amended by the Rowan County Board of Commissioners.

5. CONSIDER APPROVAL OF FSW 01-18

Planner Aaron Poplin provided the staff report for FSW 01-18 and explained that Kimberly Nash and her siblings (Tim Goode, Randy Goode, Joy Melton, and Sarah Campbell) were requesting a family subdivision waiver to allow a five-lot Family Subdivision to be created from their jointly owned property located at 3580 Deal Road, further referenced as Rowan County Tax Parcel 240 084. Five parcels will be deeded to each of the siblings with a sixth parcel staying in joint ownership. Prior to the division of the five (5) family lots a 16.77 acre tract, lot 6 on the preliminary plat, will be created through the exception process. The family plans to keep lot 6 in joint ownership.

The County's Subdivision Ordinance allows up to three (3) new family parcels to be approved administratively. However, with Board of Commissioner's approval, the division can be for the requested five (5) lots.

Mr. Poplin continued by saying Planning Staff had numerous discussions with the applicant about the restrictions of a family subdivision. In a letter from the applicant, she notes she is aware the lots are for the family members to reside and build homes on, and they are not meant for sale to individuals outside the family. The family subdivision will require all the family members to sign they are aware of the restriction and that they know only the person deeded the lot, as part of the family subdivision, can reside and build a home on it.

Mr. Poplin highlighted the purpose of the Subdivision Ordinance, as well as the criteria the Board should consider to ensure the waiver would not be detrimental to the County and the area surrounding the subdivision.

In closing, Mr. Poplin said based on the family's intentions, Staff had no concerns in granting the waiver for one (1) additional lot.

Commissioner Pierce asked if there were any provisions for a specific right-of-way (ROW) for these lots as they appeared to be landlocked on the map provided. Mr. Poplin stated a 20 foot easement and ROW would be required for each of the lots. Mr. Poplin pointed out each of the lots was connected to a state-maintained road, as required.

Commissioner Klusman asked what the rules were for selling the properties in the event of a death, divorce or some other financial situation. Mr. Poplin said once a house was built on a property it had met its general purpose. Mr. Poplin said at that time, if the property had to be sold outside of the family, the Planning Department would review the request on a case-by-case basis.

Chairman Edds opened the floor for comments. The applicants were in the audience but said they did not have any comments to add as Mr. Poplin had covered the topic well. No one else came forward to address the Board.

Commissioner Pierce moved to approve, Commissioner Greene seconded and the vote to approve FSW 01-18 passed unanimously.

MEMO TO COMMISSIONERS:

FROM: James Meacham, Chief Executive Officer, Rowan County Tourism Development Authority
DATE: August 13, 2018
SUBJECT: Rowan County Tourism Authority Board Terms and Appointments

The Rowan TDA Board voted unanimously at its June 2018 meeting to adopt a staggered term schedule to support and coincide with changes made to Rowan County Occupancy Tax Legislation by NC General Assembly via Session Law 2017-202.

When Session Law 2017-202 was adopted effective September 1, 2017 the new Rowan Tourism Board was seated, via 6 appointments from the Board of Commissioners and 5 by City Council with the position requirements to serve defined by Session Law 2017-202.

The changes made by Session Law 2017-202 in effect created a situation where the entire Tourism Board would rotate off at the same time. The TDA will also present to the Salisbury City Council on August 21, 2018 requesting the Council also adopt the TDA's recommendations for staggered terms.

Attached is a copy of the staggered term chart approved by the TDA Board of Directors, Board requirements as defined by NC Session Law 2017-202, list of current members and upcoming vacancies based off the adopt staggered terms. Both the Board of Commissioners and City Council will be asked to approve new members to fill 3 upcoming vacancies of the Board's 11 seats. Applications to fill the vacancies will be submitted by the appropriate date.

RE: Approval of Contract for Administration Building Interior Alterations

DATE: July 26, 2018

After due advertisement, proposals to provide interior alterations on the first floor and basement of the Rowan County Administration Building for the Finance, Human Resources and Information Technology Departments were received and opened by ADW Architects and David Sifford, Purchasing Agent.

The Request for Bids for the project was released twice, receiving only one bid from Salcoa Contracting each time. The bid amount, including both alternates, is \$244,500. The certified bid tabulation and contract award recommendation from ADW Architects are attached. The complete bid package is on file in the Purchasing Office. A budget amount of \$252,000, which includes \$7,500 for architectural construction administration, is being carried forward with the encumbrances' budget amendment.

Staff's Recommendation: It is the recommendation of ADW Architects, the Facilities Management Department and the Finance Department that a contract be awarded to Salcoa Contracting to provide interior alterations in the Rowan County Administration Building at a cost not to exceed \$244,500.

Re: Interior Alterations for Rowan County Human Resources and Finance Dept.

Mr. Sifford:

ADW Architects has prepared the attached, final bid tabulation and certifies, to the best of our knowledge, that the information is correct.

Only one bid was received after the project was re-advertised and the bid opening delayed two weeks. With a contract sum of \$213,000.00 for the base bid amount Salcoa Contracting is the lowest responsive bidder. The cost for each of the two alternates are listed on the accompanying bid tabulation form.

Please feel free to contact me by phone at 704-379-1919 or by e-mail at **sboyce@adwarchitects.com** if you have any questions. Thank you.

Sincerely,
ADW Architects, p.a.

MEMORANDUM

TO: Aaron Church, County Manager
FROM: Sheriff Kevin Auten
REF: FY2018 Local Justice Assistance Grant
DATE: August 15, 2018

The Rowan County Sheriff's Office has been notified that it is eligible to receive \$14,778 in funds through the Edward Byrne Memorial Justice Assistance Grant. This grant is a yearly grant from the Department of Justice. The grant amount is determined by a formula based on Part I violent crimes as reported to the FBI's Uniform Crime Reports.

As in the past number of years, the Rowan County Sheriff's Office was designated to be a disparate jurisdiction with the Salisbury City Police Department because Rowan County bears more than 50 percent of the costs of prosecution or incarceration that arises for the Part I crimes that have occurred in Salisbury's jurisdiction. Since the Salisbury Police Department is designated to receive \$25,736, which is more than one and one-half times more than the Sheriff's Office amount, we have been designated as disparate.

The Rowan County Sheriff's Office proposes to use the funds to purchase the following items:

- 1.) A Trained Dual Purpose K-9, which includes the dog, an intensive four week handler school, lodging for the new handler, and the K-9 Certification to National Standards, course materials, in-service training, and annual recertification for the life and ownership of the dog. The dual purpose K-9 would be certified in crowd control, tracking, evidence search, and narcotics search for a cost of \$11,800.
- 2.) A K-9 Deployment device with a heat alarm including a pager. This device is a unit worn on the handler's belt while working that allows him to hit a button that will lower his vehicle's window, and allow the K-9 to respond to the handler's aid quickly in the event of a dangerous situation in which the K-9's assistance is needed quickly. This device also includes a heat alarm that will go off if the handler's vehicle reaches a preset temperature, providing protection for the K-9 from heat related harm. The cost of this unit is \$1,200.
- 3.) K-9 Equipment for use during the training and deployment of the dog: Nylon dog collar, Duty harness, 30' Tracking Lead, K-9 Patrol Kit, Pet Mate Wire Kennel, Buddy Bowl water dish, RAM Agitation muzzle, Hidden bite sleeve, Bite bar sleeve, and leather agitation lead for a cost of \$1,478.

This memorandum is to request that this matter be placed on the consent agenda for approval, so that Salisbury Police Department can prepare a Memorandum of Understanding which will be submitted, as required to receive the grant, to the Bureau of Justice Assistance.

The following speech should be read by Chairman Edds prior to consideration of this agenda item

CHAIRMAN'S SPEECH

The hearing for consideration of CUP 05-18 is now in session and will focus on an application submitted by NorthPoint Development, LLC to construct an approximate 692,000 square foot building for warehousing and distribution related uses on Rowan County Tax Parcel 052-096 located at the southeast corner of the I-85 and Long Ferry Rd intersection.

If anyone present feels that any member of this Board may have a conflict of interest in hearing the case, please address the Board now prior to any testimony or information being presented.

When the Board enters into deliberations to decide the case, no further testimony may be presented. The Board will render one of the following three decisions:

1. Approve the permit as requested or with additional conditions;
2. Continue the request; or
3. Deny the request.

All parties who plan to testify in this case may come forward and be sworn in. Those who testify must state their name and address at the podium for the benefit of the Board's Clerk. All material presented must be given to the Clerk and will become part of the record. This Board can only accept sworn testimony. No hearsay evidence is admissible.

Ed Muire will provide the Staff Report for this application.

Conditional Use Permit Request CUP 05-18

STAFF REPORT

TO: Chairman Edds and Board of Commissioners
FROM: Ed Muire, Planning Director
RE: CUP 05-18
DATE: August 9, 2018

REQUEST

- **CUP 05-18 Request:** NorthPoint Development, LLC requests issuance of a conditional use permit to construct an approximate 692,000 square foot building, with future expansion allowance of 109,500 square feet, on Tax Parcel 052-096. Requested occupancies for the building include “warehousing and distribution related uses, specifically SIC Codes 42, 47, 50 and 51.” These are conditional uses in the current 85-ED-2 zoning classification.

From the applicant’s narrative, “...the distribution facility is for the housing and storage of consumer products for e-commerce distribution to consumers within the regional market. The proposed Class A facility is proposed to have 40’ clear heights to accommodate the racking and material handling systems for the storage, handling and loading and unloading of goods within the building.”

- **CUP 05-18 Material:** Application is included as Attachment 1; applicants’ response to Evaluation Criteria as Attachment 2; and, Site Plan as Attachment 3.

BACKGROUND

Commonly referred to as the Trevey site, this property has been a candidate in the Duke Energy Site Readiness Program and one of the County’s premier sites touted by Rowan County Economic Development Commission efforts recruiting commercial / industrial development and job creation.

The site and surrounding area were studied by Planning Staff for proposed economic development zoning of the I-85 corridor north and east of the Towns of East Spencer and Spencer in 2000. Action taken by the County Commission on December 13, 2000 amended the zoning ordinance to create the 85-ED district classifications and this site was zoned 85-ED-1.

On October 3, 2016 the County Commission unanimously approved a request from the property owners to change the site’s zoning designation from 85-ED-1 to 85-ED-2. The primary difference between district classifications is the addition of distribution and wholesaling operations in 85-ED-2.

VICINITY ANALYSIS

The site has over 1100 feet of frontage along the unnamed I-85 service road travelling along its western border and consequently, has prominent visibility to and from both northbound and

southbound I-85. This service road will effectively function as a driveway providing direct access to Long Ferry Road (SR#2120).

Immediately north of the site along Long Ferry Road is Rushco Market (gas / convenience) and a Duke Energy substation. Vacant properties continuing north are a mix of 85-ED-2 zoning by Rowan County and Interstate Business (IB) and Manufacturing and Industrial (I) by the Town of Spencer.

Town Creek forms the southern boundary of the property and accounts for over ten (10) acres of floodplain impacted property. The Aldi distribution and warehouse facility is the adjoining property owner south of Town Creek.

The eastern border of the site includes Mobi-Lodge Manufactured Home Park, a thirty-seven (37) unit park zoned 85-ED-1 and a water tower owned by Salisbury-Rowan Utilities (SRU).

The western border of the site is formed by the northbound lanes of I-85. Zoning west of I-85 is a combination of East Spencer and Spencer jurisdictions.

CONDITIONAL USE CRITERIA

The applicant's response to the Evaluation Criteria in Section 21-59 is included as Attachment 2; Staff analysis of the criteria is included below.

1. Adequate transportation to the site exists.

The site has access via the current service road to Long Ferry Road, which is classified as a major thoroughfare. A 2016 NCDOT annual average daily traffic (AADT) count at the site suggests 4700 vehicles per day use this segment of Long Ferry Road which has a design capacity of 11,300 AADT. Based on the scale of the project, NCDOT may opt to review the traffic generated by the project in addition to the typical commercial driveway permit process.

2. The use will not significantly detract from the character of the surrounding area.

As noted in the background section of this report, the site has been recognized and promoted for its economic development potential. The 2016 rezoning request to the 85-ED-2 district anticipated uses in the surrounding area should be expanded to include distribution and wholesaling operations. Area 2 of the East Rowan Land Use Plan also supports commercial and industrial uses within one (1) mile of the I-85 corridor.

3. Hazardous safety conditions will not result.

The range of uses associated with this request are all conditional uses within the 85-ED-2 district and are generally not considered to create hazardous conditions during normal operations. The table below provides the Standard Industrial Classification (SIC) major category uses associated with its code number.

SIC	MAJOR CATEGORY
42	Motor freight transportation and warehousing
47	Transportation services
50	Wholesale trade - durable goods
51	Wholesale trade - nondurable goods

Although this list of uses includes the general category for wholesale trade-nondurable goods (SIC 51), it should be noted this CUP 05-18 request does not include a request for the specific uses in that category, namely SIC 516 (chemical and allied products) and SIC 517 (petroleum and petroleum related products), sometimes referred to as the “heavy impact uses” of the Rowan County Zoning Ordinance. The specific standards for SIC 516 and 517 have not been addressed by the applicant in this request and likewise, if this CUP 05-18 request is approved; those uses are not authorized for this site.

4. The use will not generate significant noise, odor, glare or dust.

Aside from noise and dust generated during construction, nuisance conditions should be minimal during normal operation given tract size (> 78 acres), buffering and applicable setbacks. Again, the uses requested are deemed to be generally compatible with the surrounding area based on current zoning district and land use plan recommendation.

5. Excessive traffic of parking problems will not result.

As noted in item#1 of this report, Long Ferry Road is classified as a major thoroughfare with a design capacity of 11,300 AADT. Traffic volumes along the segment have remained constant (4700 AADT) since 2013, with moderate increases noted in 2009 and 2005 that were most likely associated with construction activity at Duke Energy’s Buck Station.

Although traffic generated by this site will be managed and permitted by NCDOT, Staff has provided an estimate using trip generation information for “Warehousing” contained in the 7th Edition of the Institute of Transportation Engineer’s Trip Generation Manual. This may provide some perspective on the amount and type of daily traffic activity once the site is in operation.

Loading Bays	62 Primary	61 Secondary	TOTAL
Weekday AM Peak Hour	42.78	42.09	84.87 trips
Weekday PM Peak Hour	29.76	29.28	59.04 trips

Warehouse	Phase 1 [690,500 SF]	Phase 2 [109,500 SF]	TOTAL
Weekday	3424.88	543.12	3968 trips
Saturday	842	133.59	976 trips
Sunday	545.495	86.505	632 trips

Employees	200 Employees	333 Employees	TOTAL
Weekday	778	1295.37	1295 trips
Weekday AM Peak Hour	110	183.15	183 trips
Weekday PM Peak Hour	116	193.14	193 trips

Regardless of how trip estimates are calculated, Long Ferry Road will have a significant increase in traffic resulting from this project and a site further west on Long Ferry in the Town of Spencer’s jurisdiction that recently received zoning approval to support truck transit for the Duke Energy coal ash removal project at Buck Steam Station.

Parking areas depicted on the site plan are in compliance with standards for employees and truck parking.

6. The use will not create significant visual impacts for adjoining properties or passersby.

The site plan indicates current vegetation along the eastern and southern borders will remain undisturbed and considering its inherent location along I-85, it's expected that some visibility is warranted for this prominent site. However, the applicant has indicated a similar buffer of undisturbed area will remain along I-85. Visibility of the site from Long Ferry Road should not create detrimental impacts to travelers along that road.

Other Zoning Criteria

Additional standards associated with 85-ED designations include a variety of topics, but the majority of them are applicable only when considered as part of a Planned Unit Development (PUD). In this case, the property is not proposed for land division and the entire site will be developed as one (1) project. Staff has provided a brief response to those items of Section 21-34(c)(6) which are applicable.

Item	Requirement	Response
a. Buffers	40' from project perimeter	Compliant; shown on site plan
c. Street frontage	Minimum of 100'	Compliant; >1100' on service road
d. Maximum lot coverage	80% limitation	Compliant; 42.3% proposed
e. Development size	5 acres	Compliant; 45.35 acres proposed
g. Maximum building height	None	Compliant; Proposed 40' clear heights
h. Parking	As per RCZO	Compliant
i. Signs	As per RCZO	Compliant
j. Circulation system	Access to minor thoroughfare or service road	Compliant
k. Nuisance conditions	No impacts to nearby areas	Compliant; refer to items #4 and 6
l. Loading and storage areas	Located to rear or side of building	Proposed road closure and installation of cul-de-sac will satisfy condition
n. Lighting	Provide along walkways, parking areas; max height 25'	Site plan notes indicate, but not shown. Can be a contingency
o. Building character	Intended for PUDs only	Exterior will be tilt-up concrete w/EIFS

PROCEDURES

The Commission's decision to issue or deny the CUP 05-18 application must include facts supporting these findings, in the affirmative or negative.

1. The development of the property in accordance with the proposed conditions (will or will not) materially endanger the public health or safety;
2. The development of the property in accordance with the proposed conditions (will or will not) substantially injure the value of adjoining or abutting property, or that the development (is or is not) a public necessity; and
3. The location and character of the development in accordance with the proposed conditions (will or will not) be in general harmony with the area in which it is located and (is or is not) in general conformity with any adopted county plans.

Background

The conditional use permit and associated site plan is for an approximately 682,000 square foot distribution facility, including approximately 10,000 square feet of office, that would potentially be expandable to up-to 800,000 square feet. The proposed use associated with the distribution facility is for the housing and storage of consumer products for e-commerce distribution to consumers within the regional market. The proposed Class A facility is proposed to have 40' clear heights to accommodate the racking and material handling systems for the storage, handling, loading and unloading of goods within the building.

The proposed user will inbound consumer goods from the west end of the building from various suppliers. The goods will then be sorted within the facility and stored or shipped based on online order fulfillment. As orders are received, goods will be packaged, boxed, and labeled for outbound loading on the east end of the building and delivered to a regional shipping partner, such as FedEx, UPS or USPS for ultimate delivery to the consumer.

Evaluation Criteria for Conditional Use Permit

- (1) Adequate transportation access to the site exists.

ANSWER: The site is currently located at the corner of I-85 and Long Ferry Road. The proposed warehousing use is to accommodate an e-commerce company that will transport inbound consumer products from suppliers and outbound consumer products to FedEx, UPS and/or USPS facilities in the adjoining area. Vehicles will access the site primarily from I-85, travelling 0.15 miles (if coming from south) or .30 miles (if coming from north) on Long Ferry Road, where traffic will turn right into the unnamed state road that provides direct access to this site. While traffic will increase, the sites current facilities should be sufficient to serve the site, and if additional traffic improvements are required, we anticipate that they will be relatively minimal.

- (2) The use will not significantly detract from the character of the surrounding area.

ANSWER: The use is consistent with the type of use that is located to the south of the site, which is the ALDI INC distribution center. The location to the east is also owned by ALDI, INC and is used to house/service semi-trailers and tractors. The site to the north is vacant, but is zoned for commercial uses. The property to the south and west is residential, but is separated by forest, which forest is intended to remain as a natural buffer. I-85 is to the east. Given the totality of business related uses adjacent to the highway, the use will not detract from the character of the surrounding area.

- (3) Hazardous safety conditions will not result.

ANSWER: The use is for the storage of consumer products. No hazardous materials or safety conditions will result from the proposed use.

- (4) The use will not generate significant noise, odor, glare, or dust.

ANSWER: The development is for a state-of-the-art Class A distribution center for fulfillment of e-commerce goods. The warehousing activities will occur exclusively indoors, with no noise, odor, glare to be emitted from the site during its use.

- (5) Excessive traffic or parking problems will not result.

ANSWER: The site calls for ample parking – 650 car parking spaces – while the potential job impact is somewhere between 600 – 1,000 jobs at this facility. The jobs would occur over 2 – 3 shifts of operation, meaning that only 1/3rd of the anticipated employees will ever be at the site. While traffic congestion may occur at the time of shift-changes, it is unlikely that excessive traffic congestion will occur beyond what is seen at the typical rush hour. Given the proposed number of parking stalls, parking problems are highly unlikely.

(6) The use will not create significant visual impacts for adjoining properties or passersby.

ANSWER: There will be no adverse visual impacts created from the proposed use. Given that we intend to develop a Class A facility, we anticipate improving the aesthetics associated with a built-environment.

Checklist for Review of Conditional Use Permits

Overview. Conditional uses are assumed to be generally compatible with other land uses permitted in the zoning district in which the conditional use is proposed, but due to their unique characteristics or potential impacts on the surrounding areas or the county as a whole, individual consideration of their location, design, configuration and/or operation at the proposed location is required. Specific conditions may be attached to a conditional use permit application in order to ensure conformance with the zoning district, other county ordinances or to address the project's impacts to the surrounding area.

SUGGESTED BOARD OF COMMISSIONERS ACTION

☐ Sworn oath for those testifying ☐ Receive staff report ☐ Petitioner comments ☐ Public comments ☐ Close hearing and discuss ☐ Three (3) separate motions to adopt findings of fact ☐ Motion to Approve / Deny / Table
CUP 06-18

REQUEST

Nicole Sherrell is requesting a conditional use permit to accommodate a 2,400 sq.ft. residential storage facility on Tax parcel 236 125. The proposed structure would be located on the parcel in which they plan to construct their house at a later date, and used to store personal items and equipment during the construction of their home.

CONDITIONAL USE REQUIREMENTS

Section 21-60 (10) of the Zoning Ordinance indicates residential storage facilities are subject to the following standards (**staff comments in bold text**):

- a. **The parcel shall be in fee simple ownership.** Yes, owned exclusively by Nicole and Gregory Sherrell.
- b. **The structure shall be of compatible construction with surrounding area.** The applicant proposes a metal building, which is a façade common to most areas of the county.
- c. **The maximum size allowed is three thousand (3,000) square feet.** The

proposed building totals 2,400 sq.ft.

- d. No outdoor storage is allowed except as specifically provided otherwise.** None proposed.
- e. Minimum lot size shall be the same as for a single-family residence.** Lot size is 11.64 acres vs. minimum lot size of .46 acres (20,000 sq.ft.).
- f. Storage of vehicles shall not be in the front yard.** None proposed.
- g. Outside lighting shall be designed to prevent direct glare on adjoining residences.** None proposed.
- h. Setbacks shall be at a minimum the same as single family dwellings.** The proposed structure complies with the required 30' front, 10' side, and 10' rear setback.

EVALUATION CRITERIA

As provided in Section 21-59, the applicant has provided responses to the evaluation criteria with staff comments indicated below.

- 1. Adequate transportation access to the site exists.** The structure would be accessible from Ritchie Rd. SR 1467 using an easement across parcel 236 088 recorded on Plat Page 9995 8538 in the Rowan County Register of Deeds.
- 2. The use will not significantly detract from the character of the surrounding area.** The proposed structure will be under both the allowed 3,000 sq.ft. limit for residential storage facilities and the 10% limit for accessory structures on residentially developed lots (50,700 sq.ft.).
- 3. Hazardous safety conditions will not result.** No hazardous safety conditions are envisioned based on the proposed use. The applicant is working with a local engineer to navigate the state and federal requirements on the small stream crossing
- 4. The use will not generate significant noise, odor, glare, or dust.** Any associated impacts would be similar to that found on properties containing a residence.
- 5. Excessive traffic or parking problems will not result.** N/A.
- 6. The use will not create significant visual impacts for adjoining properties or passersby.** Based on the submitted site plan the parcel does not have any adjoining residential uses.

PROCEDURES

The BoC must adopt facts supporting the below findings of fact based on the above six (6) criteria:

1. The development of the property in accordance with the proposed conditions will not materially endanger the public health or safety;
2. That the development of the property in accordance with the proposed conditions will not substantially injure the value of adjoining or abutting property, or that the development is a public necessity; and
3. That the location and character of the development in accordance with the proposed conditions will be in general harmony with the area in which it is located and in general conformity with any adopted county plans.

See enclosed checklist to guide decision. Planning Staff will provide example findings for consideration at the hearing.

- (1) **Adequate transportation access to the site exists-** 30 right of way from Ritchie Road to property line, gravel driveway in place.
- (2) **The use will not significantly detract from the character of the surrounding area-** Vacant lot, woods and agricultural fields surround the area. No other residential homes are visible from the barn structure.
- (3) **Hazardous safety conditions will not result-** Personal family barn structure will be used for storage of personal possessions with no hazardous materials or activities on site.
- (4) **The use will not generate significant noise, odor, glare, or dust-** Personal family barn structure will be used for storage of personal possessions.
- (5) **Excessive traffic or parking problems will not result-** Family barn structure will be used for personal use only.
- (6) **The use will not create significant visual impacts for adjoining properties or passersby-** Family barn structure will not be visible from Ritchie Road. It is located up a hill, behind a tree line and 1800 feet off Ritchie Road.

Checklist for Review of Conditional Use Permits

Overview. Conditional uses are assumed to be generally compatible with other land uses permitted in the zoning district in which the conditional use is proposed, but due to their unique characteristics or potential impacts on the surrounding areas or the county as a whole, individual consideration of their location, design, configuration and/or operation at the proposed location is required. Specific conditions may be attached to a conditional use permit application in order to ensure conformance with the zoning district, other county ordinances or to address the project's impacts to the surrounding area.

MEMORANDUM

TO: Chairman Edds and Rowan County Board of Commissioners
FROM: Aaron Poplin, Planner
DATE: August 10, 2018
RE: **Z 05-18**

SUGGESTED BOARD OF COMMISSIONERS ACTION

1. Receive staff report **2.** Petitioner comments **3.** Conduct public hearing **4.** Close hearing and discuss **5.** Motion to adopt statements **6.** Approve / Deny / Table **Z 05-18**

REQUEST

Donnie Gibbs is requesting the rezoning of his 2.16 acre parcel known as Tax Parcel 230-024 located at the 9275 W NC 152 HWY from Rural Agricultural (**RA**) to Commercial, Business, Industrial (**CBI**).

BACKGROUND

This lot has been owned by the property owner, Donnie Gibbs, since 2000. In 2001 a zoning permit was issued for a 5,000 Sq Ft building to be used as a race shop as part of a SR business in the RA district, and was built to commercial code. The owner is considering selling the property and rezoning to CBI would allow a new owner to operate a business without the SR requirement of living adjacent to the business, or requiring a special use permit.

ZONING CRITERIA

1. Relationship and conformity with any plans and policies.

Plans – Parcel 230 024 is located off of W NC 152 HWY which falls in Area Three of the Western Rowan Land Use Plan identified as a small area south of NC 152. The Plan encourages mixed use development in or near commercial nodes in the area with the closest recognized node being the intersection of NC 152 and NC 153. Parcel 230 024 is located adjacent to a recognized Commercial/industrial area.

This property is located in WS II Coddle Creek which has development limitations. For commercial developments the maximum build upon area is 12% expandable to 70% with an approved Special nonresidential intensity allocation (SNIA) permit. Currently the site has not been issued an SNIA permit and any future development on the site would require one.

The Western Area Land Use Plan does not have any specific recommendations for the Commercial/Industrial area.

Policies- Sec 21-141 of the Zoning Ordinance states, “Businesses created required to comply with the provisions of section 21-55(2)c. shall be classified as a legal nonconforming use if a change in the owners family occurs resulting in noncompliance with the requirement of that subsection.” This provision would allow the existing business to, continue as a nonconforming use, in the case that the owner moves or sells the property.

Sec 21-135 (c) of the Zoning Ordinance allows the Board of Commissioners to issue a special use permit to extend, enlarge, or replace a nonconforming use. This provision would allow for a new owner to use the building for a use other than a race shop, upon an approved special use permit from the Board of Commissioners.

2. Consistency with the requested zoning district’s purpose and intent.

Commercial, Business, Industrial, CBI – This zone allows for a wide range of commercial, business and light industrial activities which provide goods and services. This district is typically for more densely developed suburban areas, major transportation corridors, and major cross-roads communities. However this district may also exist or be created in an area other than listed in this subsection if the existing or proposed development is compatible with the surrounding area and the overall public good is served.

The site is located next to an existing 100 Acre IND district with the closest CBI district being the Mooresville dragstrip just over one mile from the site. The western area land use plan recommends Highway Businesses off of NC or US Highways, and encourages those locations at identified commercial nodes.

3. Compatibility of all uses within the proposed district classification with other properties and conditions in the vicinity.

Compatibility of uses – For comparison purposes, the below table of use excerpt provides a much generalized comparison between the RA and CBI districts. A more detailed comparison may be found in section 21-113 of the Zoning Ordinance.

Land Use Category	RA	CBI
Residential	Permitted	Permitted

Agriculture	Permitted	Permitted
Mining	Not Allowed	Not Allowed
Construction	Permitted with SR	Permitted
Manufacturing	Many permitted with SR	Most Permitted
Transportation, Communications, etc.	Some permitted with SR and CUP	Most Permitted
Wholesale Trade	Most permitted with SR	Most Permitted
Retail Trade	Permitted with SR	Permitted
Finance, Insurance, etc.	Permitted with SR	Permitted
Services	Most permitted with SR	Permitted
Public Administration	Some permitted with SR	Permitted

Note: Permitted with SR means permitted subject to compliance with a defined list of special requirements; “CUP” means subject to a conditional use permit by the Board of Commissioners.

Conditions in the vicinity (see enclosed map) –

The site is located off of W NC 152 Highway close to the Iredell County line. The surrounding area is a mixture of businesses, single family development and farm land.

North – Fincastle subdivision an equestrian subdivision with only two houses currently.

South – Prospect Presbyterian Church’s baseball field.

East – Pedulla excavating is adjacent to the site with the Performance Park and Gateway Park IND subdivisions in the vicinity.

West – Residential and farm uses.

4. Potential impact on facilities such as roads, utilities and schools.

Roads – This parcel has 306 ft. of frontage on W NC 152 HWY. The NCDOT draft Comprehensive Transportation Plan suggests this section of W NC 152HWY. has a design capacity of 15,100 vehicles per day. Since the estimated capacity is largely based on pavement width and speed limit, it should only be used as basic information regarding the volume to capacity ratio rather than the single measure in assessing the road’s operational capability. Average daily traffic count from 2016 indicates an average of 9,800 vehicle trips occur along this section of NC 152 HWY. Without a known property use, staff is unable to provide traffic count estimation.

Utilities & Schools – N/A

DECISION MAKING

In addition to the above criteria, sec. 21-362 (c) of the Zoning Ordinance indicates the primary question before the Planning Board / Board of Commissioners in a rezoning decision is “*whether the proposed change advances the public health, safety, or welfare*”

as well as the intent and spirit of the ordinance.” Additionally, the boards “shall not regard as controlling any advantages or disadvantages to the individual requesting the change but shall consider the impact of the proposed zoning change on the public at large.”

PROCEDURES

The Board of Commissioners must develop a statement of consistency describing whether its action is consistent with any adopted comprehensive plans and indicate why their action is reasonable and in the public interest [sec. 21-362 (j)].

SPOT ZONING

A statement of reasonableness is necessary to substantiate a small-scale zoning decision and ensure the decision is “reasonable”. While spot zoning in North Carolina is considered legal, it must be determined as reasonable based on a number of factors including the following established by the courts:

- 1. Size and nature of the tract;**
- 2. Compatibility with existing plans;**
- 3. The impact of the zoning decision on the landowner, the immediate neighbors, and the surrounding community; and**
- 4. The relationship between the newly allowed uses in a spot rezoning and the previously allowed uses.**

PLANNING BOARD

The Planning Board held their June meeting on June 25th. During the course of the curtesy hearing three people including the applicant spoke about the request. Bob Edwins and Wade Karriker both informed the Board that they were not against the rezoning, but they do not want the property going to someone that would negatively affect Prospect Presbyterian Church.

The Planning Board adopted the following statements.

Statement of Reasonableness

In accordance with section 21-362(j) of the Rowan County Zoning Ordinance and after due consideration the Planning Board advises the Z 05-18 request is reasonable and in the public interest based on the following: the tract is adjacent to an Industrial District. It is an established commercial use and it is located along NC 152 Hwy, which is a major thoroughfare.

A motion to pass the statement of reasonableness was made by Mr. Bogle and seconded by Mr. Johnson. The motion passed unanimously.

Statement of Consistency

Z 05-18 is consistent with the Western Rowan Area 3 Land Use Plan based on the following: While the land use plan recommends highway business, the tract is adjacent to

a 100 acre Industrial District It is located along a major thoroughfare. It is an established business and a continued use of an existing building. Furthermore the adoption of Z 05-18 is reasonable and in the public interest based on the following: The land is adjacent to a 100 acre Industrial District. It is located along a major thoroughfare. It is an established business and a continued use of an existing building.

A motion to pass the statement of consistency was made by Mr. Bogle and seconded by Mr. Johnson. The motion passed unanimously.

Approval of Z 05-18

With no further discussion of the board, a motion to approve Z 05-18 was made by Mr. Poteat and seconded by Mr. Johnson. The motion passed unanimously.

STAFF COMMENTS

1. This property contains an existing business.
2. The use of the property is currently conforming.
3. The two current uses on the property, single family dwelling and race shop, are allowed in the CBI district.
4. The Western Area Land Use Plan recommends Highway Business at community nodes.
5. Future development at the site will require a SNIA permit.

SUGGESTED BOARD OF COMMISSIONERS ACTION

1. Receive staff report **2.** Petitioner comments **3.** Conduct public hearing **4.** Close hearing and discuss **5.** Motion to adopt statements **6.** Approve / Deny / Table **Z 06-18**

REQUEST

Steven Wyatt is requesting the rezoning of a 3.22 acre portion of parcel 126-026 located at 330 Beaver Loop from Commercial, Business, Industrial with a Conditional Use District (**CBI-CUD**) to Rural Agricultural (**RA**).

BACKGROUND

In 2001 a 3.22 acre portion of the 16.42 acre parcel was rezoned from RA to CBI-CUD as part of request Z-05-01 to accommodate a paintball facility. The rest of the property remained RA. The paintball facility is no longer in operation, and now the owner is looking to rezone the property back to its original zoning.

ZONING CRITERIA

1. Relationship and conformity with any plans and policies.

Plans – Parcel 126 026 is located off Beaver Loop which falls in Area Three of the Eastern Rowan Land Use Plan identified as land area south of NC 152, east of US 29 and paralleling the west side of US 52. This property is located in WS II Dutch Buffalo Creek which has minimum lot size of 40,000 Square Feet for residential development.

2. Consistency with the requested zoning district's purpose and intent.

Rural Agricultural , RA – This district is developed to provide for a minimum level of land use regulations appropriate for outlying areas of the county. These outlying areas typically consist of rural single-family housing, larger tracts of land used for agriculture or in fields and forest land, with some nonresidential uses intermingled. Multifamily uses are discouraged in this district. This district would provide for protection from the most intensive land uses while containing provisions for a variety of less intensive land uses. It is the intent of this district to rely upon development standards to protect residences from potential adverse impacts of allowed nonresidential uses. The most intensive land uses would not be allowed in this district.

The existing district is surrounded by RA on all sides. There is a nearby industrial zoned parcel that fronts on NC 152 HWY.

3. Compatibility of all uses within the proposed district classification with other properties and conditions in the vicinity.

Compatibility of uses – For comparison purposes, the below table of use excerpt provides a much generalized comparison between the CBI-CUD and RA districts. A more detailed comparison may be found in section 21-113 of the Zoning Ordinance.

Land Use Category	CBI-CUD	RA
Residential	Not Allowed	Permitted
Agriculture	Not Allowed	Permitted
Mining	Not Allowed	Not Allowed
Construction	Not Allowed	Permitted with SR
Manufacturing	Not Allowed	Many permitted with SR
Transportation, Communications, etc.	Not Allowed	Some permitted with SR and CUP
Wholesale Trade	Not Allowed	Most permitted with SR
Retail Trade	Not Allowed	Permitted with SR
Finance, Insurance, etc.	Not Allowed	Permitted with SR
Services	Paint Ball Field	Most permitted with SR
Public Administration	Not Allowed	Some permitted with SR

Note: Permitted with SR means permitted subject to compliance with a defined list of special requirements; “CUP” means subject to a conditional use permit by the Board of Commissioners.

Conditions in the vicinity (see enclosed map) –

The site is located off of Beaver Loop. The surrounding area is mostly residential development with some commercial activity off of E NC 152 HWY.

North – A nine (9) acre industrial park with multiple business fronting E NC 152 HWY

South – Woods

East – Single family residence.

West – Multiple residentially developed properties.

4. Potential impact on facilities such as roads, utilities and schools.

Roads – There is no traffic data available for Beaver loop.

Utilities & Schools – N/A

DECISION MAKING

In addition to the above criteria, sec. 21-362 (c) of the Zoning Ordinance indicates the primary question before the Planning Board / Board of Commissioners in a rezoning decision is “*whether the proposed change advances the public health, safety, or welfare as well as the intent and spirit of the ordinance.*” Additionally, the boards “*shall not regard as controlling any advantages or disadvantages to the individual requesting the change but shall consider the impact of the proposed zoning change on the public at large.*”

PROCEDURES

The Board of Commissioners must develop a statement of consistency describing whether its action is consistent with any adopted comprehensive plans and indicate why their action is reasonable and in the public interest [sec. 21-362 (j)].

PLANNING BOARD

The Planning Board held their July meeting on July 23rd. During the course of the courtesy hearing, only the applicant spoke about the request.

The Planning Board adopted the following statement with a unanimous vote.

Statement of Consistency

Z 06-18 is consistent with the Eastern Rowan Area 3 Land Use Plan based on the following: The use is consistent with the existing land use regulations and occupancies

of the surrounding area, it is compatible with the existing utilization of the roads, and is consistent with the County's objectives. Furthermore the adoption of Z 06-18 is reasonable and in the public interest based on the following: The use is consistent with the existing land use regulations and occupancies of the surrounding area, it is compatible with the existing utilization of the roads.

STAFF COMMENTS

1. This property is currently vacant.
2. There is only one use currently allowed on the property.

REQUEST AND BACKGROUND

Jeff Parks is requesting a family subdivision waiver to allow for a two lot family subdivision on a 10 acre parcel off of Parks Field Dr., further referenced as Rowan County Tax Parcel 249A082. The parcel is currently owned by Rae Parks who is Jeff Parks' second cousin.

The Rowan County Subdivision Ordinance allows family subdivisions to be approved for immediate family members, and defines the immediate family members as the following, "Family, immediate. For purposes of this chapter, immediate family shall be defined as an individual's grandparents, step-grandparents, parents, step-parents, sibling(s) (full, half, or step), children, step-children, grandchildren, and step-grandchildren, whether natural or legal." The Rowan County Subdivision Ordinance has provisions to allow the Board of Commissioners to offer a waiver to the definition of an immediate family member. Staff has discussed with the applicant and he understands that the subdivision is only allowed to be deeded for him to build a home and live at.

FAMILY SUBDIVISIONS

One of the reasons Rowan County adopted a Subdivision Ordinance was in response to maintenance issues often created by private roads, especially those providing access to a significant number of residences. Requirements specified new divisions could only be established on property containing sufficient public road frontage for both the new and residual lot and where new roads were constructed to meet NCDOT standards. In lieu of these options, the ordinance established a process where a property owner could convey parcels to their immediate family members for the purpose of establishing new residences.

WAIVER PROCESS

The family subdivision waiver process provides the BoC an option to consider relaxing one or more of the family subdivision requirements in a legislative process rather than quasi-judicial (variance through the Board of Adjustment) when undue hardship may result from strict compliance. Traditionally, the BoC have considered waivers for families seeking more than three (3) new lots, or conveyance to family members outside the “immediate family”. Requests are considered based on the below four (4) criteria with a simple majority needed to approve or deny.

STAFF REVIEW

In accordance with Section 22-54 of the Subdivision Ordinance, the BoC Should Consider the following (4) criteria and ensure the waiver “shall not be detrimental to the county and the area surrounding the subdivision”. Staff provides the following comments:

Nature of the proposed subdivision: The proposed subdivision is a family subdivision resulting in one (1) new parcel, for a total of two (2) parcels.

Existing use of the land in the vicinity: The surrounding land uses are residential and agricultural.

Number of persons to reside or work in the proposed subdivision: The two lots will be occupied by Jeff Parks and his second cousin Rae Parks.

Probable effect of the proposed subdivision upon traffic conditions in the vicinity:
Traffic count information provided by NCDOT’s Comprehensive Transportation Plan (CTP) estimates a carrying capacity of 9,500 average vehicles per day. The most recent traffic count estimates from 2016 tallied 2,000 average daily trips along that section of Wright Road.

STAFF COMMENTS

This waiver process was established to give the BoC the ability to waive certain requirements of the family subdivision standards in special situations. The request is asking for a waiver to the definition of an immediate family member. The subdivision will meet all standards other than the definition of immediate family member. If this subdivision waiver is granted the family subdivision restrictions on zoning permits will still apply.

Purpose: Request waiver to the Family Subdivision Ordinance

To whom it may concern,

My name is Jeff Parks and I am writing you in regards to a piece of family owned property (Parcel #: 249A082) that I am trying to obtain. I am requesting a waiver to the Family Subdivision Ordinance. This land has been in my family for many years and I want to build my forever house here providing we can work around the current right of way restrictions. I am requesting a waver to the requirement of being an immediate family member. The purpose for buying this land is for immediate family use only.

This land is currently owned by Rae Parks who originally purchased this 10 acre tract from my aunt many years ago. This was originally my grandfather's land and is the main reason I want to settle down here.

We are wanting to split this 10 acre tract right down the middle parallel to Parks Field Drive. I then want to buy the 5 acres from Rae that joins Wright Road. The problem we are facing is that this 10 acres only has 27.7ft of frontage on Wright Road. Rae's current house has a driveway on Parks Field Road. He has never used Wright Road to access this property.

Rae does also have a written agreement between himself and my grandmother from when he purchased the property years ago that grants him a right of way off the 7843 Wright Road property. This agreement is also attached to this email and listed in the Rowan County Deed Book 0637 Page 443.

I have included with this letter a print of the property and a dotted line at the proposed division line. I have also included a map of Parks Field Dr. that currently shows at least 12 homes. None of which have direct road frontage to a state maintained road (Wright Road). Also attached are the zoning requirements as listed on Rowan County's website along with approximate measurements at the 30ft house setback line.

I understand the fact that in the event I am able to get these restrictions waived, I am the only person that can build on the property and that is my intention.

Please let me know if anything can be done that can help me get these restrictions waived so that I am able to purchase and build on these 5 acres.

I look forward to hearing your reply soon.

Thank you very much.
